

A Prayer for Elementary Students

Jesus, our brother and our friend,
the sickness in our world right now can make us worried and afraid.
Help us to remember that you are always there beside us,
giving us peace and comfort,
reminding us of your love and care for us.
We ask you to look after all those who are sick right now,
and those who are caring for them.
Hear our prayers for them, and for all our world.
Help us to remember that we are brothers and sisters,
and that you are the greatest Healer of all.
Praise to you, Jesus, our Comforter, our Healer and our Lord,
now and forever. *Amen.*
