3. Declarations of Conflict of Interest

There were no conflicts of interest declared.

4. Presentations

4.1 Our Kids Network (E. DiBattista)

P. Dawson introduced and welcomed E. DiBattista, Executive Director, Our Kids Network (OKN), an organization who has a long history with the Board, and a model network, not only in the province of Ontario but nationally with partner agencies and services.

H. DiBattista gave a brief historical overview regarding the establishment of OKN, beginning in 1996 and elaborated on its evolvement. She provided information on this wide partnership of organizations serving children and youth, the collective work being done among the partners and the work they are doing throughout Halton to ensure that children, youth and families have the best supports available to them, so children can thrive and become the best adult they can be. She identified the protocol partners who provide financial support, infrastructure, guidance and human resources and outlined the 7 key conditions of well-being known as “Halton 7”, strategies and products.

Ms. DiBattista also commented on the role of the community hubs in Acton, Aldershot and Milton that have been in place in 2004. These hubs were established to respond to the needs of individual communities and have evolved into vibrant resources. She also highlighted some of the ongoing projects involving protocol partners. A copy the last annual report was provided to trustees.

The Chair of the Board thanked E. DiBattista for her presentation.

4.2 First Nations, Metis and Inuit Education (A. Prkacin) (Presentation and Report)

S. Saevil, Aboriginal Liaison Officer and member of the Aboriginal Education Advisory Committee (SESC) introduced S. Paquette, Chair of the SESC and acknowledged some of the members in the audience. She indicated that her portfolio is a collaborative approach with both the Catholic and Public school boards.

S. Paquette, brought greetings using different first nation's languages of the people and thanked S. Saevil for her community work. To improve future relationships of Canada, he urged trustees to review the documentation prepared and support the recommendations being put forward.

S. Saevil drew trustees' attention to some of the documents contained within the report: First Nations Métis and Inuit Education Charter of Commitment adopted by OCSTA and the memo encouraging every Catholic school board to adopt the charter; the statement from the Permanent Council of the Canadian Conference of Catholic Bishops in response to the Summary Report and Calls to Action by the Truth and Reconciliation Commission; and key recommendations from the Truth and Reconciliation Commission of Canada's Calls to action. She noted that boards are being asked to correspond with the Ministry of Education to write appropriate curriculum and to build capacity. S. Paquette encouraged the Board to invite traditional knowledge keepers and elders in their schools.

When asked if staff were considering proceeding prior to obtaining direction from the Canadian Conference of Catholic Bishops, A. Prkacin indicated that she would follow-up with the Bishop's Office and report back. S. Paquette noted that this would be an opportunity for the Board to be a leader on an issue of national importance. With respect to developing a curriculum with a local flavor, S. Saevil noted that correspondence to the Ministry will be encouraging them to prepare curriculum that is reflective of Ontario.

5. Delegations

There were no delegations.

6. Approval of Minutes**6.1 Minutes of the Regular Board Meeting of February 2, 2016**

#57/16

Moved by: A. Iantomasi

Seconded by: H. Karabela

RESOLVED, that the minutes of the February 2, 2016 Regular Board Meeting be approved as presented. **CARRIED**

7. Business Arising from Previous Meetings**7.1 Summary of Outstanding Items from Previous Meetings**

The Summary of Outstanding Items from Previous Meetings was received as information.

8. Action Items**8.1 Suspend Section 4.1.6 of Board By-Laws - March 22, 2016 Special Board Meeting**

Director of Education, P. Dawson, informed trustees that Section 4.1.6 of the Board's By-laws would need to be suspended in order to give sufficient notice to the public and hold a Special Board Meeting on March 22, 2016.

#58/16

Moved by: J.M. Rowe

Seconded by: A. Iantomasi

RESOLVED, that the Halton Catholic District School Board suspend Section 4.1.6 of the Board-By-Laws (The Board, except for emergency, shall not meet during Holy Week.) and hold a Special Board Meeting on March 22, 2016.

In response to comments and questions, the Director acknowledged the importance of Holy Week, but explained that this was the only option available in order to meet the timelines of the Modified Pupil Accommodation Review Process. She noted that the report presented will be a Staff Report and that there will be no other items added to the agenda. F. Thibeault also addressed the implications of extending the process, moving the final approval into the first week of May, which far exceeds the Ministry deadline. He also outlined a number of strategies that have been put in place to generate awareness regarding the upcoming meetings.

The Chair called for a vote:

8.6 School Consolidation Capital Project Submission (P. McMahon & G. Corbacio)

P. McMahon presented the list and priority ranking of capital projects for the 2015 Ministry request for School Consolidation Capital (SCC) Priorities Business Cases. Included is also a resolution to re-organize priorities 2 to 5 in the event that new information identified in the development of the business cases warrants alteration.

#63/16

Moved by: H. Karabela

Seconded by: J.M. Rowe

RESOLVED, that the Board approve the priority ranking of the Capital Priorities Business Cases for 2015 as follows:

RANKING 2015 CAPITAL PROJECT DESCRIPTION

- 1 North Georgetown Community School (2017-18 Opening)
- 2 Burlington Southwest QEW School (2017-18 Opening)
- 3 Burlington Southeast QEW School (2017-18 Opening)
- 4 Oakville South Central School (2017-18 Opening)
- 5 St. Dominic School Partial Rebuild (2018-19 Opening)

RESOLVED, that the Board authorize staff to submit the Board's 2015 School Closure Capital Priorities Business Cases Submission to the Ministry of Education for funding consideration on February 29, 2016; and

RESOLVED, that the Board authorize staff to re-organize priorities 2-5 in the event that new information identified in the development of the business cases warrants altering the approved.

In response to questions, G. Corbacio explained why the St. Mark Catholic Elementary School proposal to remove the eleven classroom Relocatable Building Section would be better suited for Phase II of the Board's school consolidation strategic plan. P. McMahon also pointed out that the Board must submit its business case by February 29th and approval of the ranking and the projects is at the discretion of the Ministry.

F. Thibeault, in response to the prioritization of the projects, explained the rationale and the immediate need for school consolidation capital. The proposed ranking order was intended to be respectful of the one presented at the January 5th meeting. The order of priority is at the trustees' discretion and is open for discussion.

A. Quinn proposed an amendment to the ranking and asked that # 4 and # 5 be moved to # 2 and # 3 priority. There were no seconder to the proposed amendment.

The Chair called for a vote and the motion **UNANIMOUSLY CARRIED**.

9. Staff Reports**9.1 First Nations, Metis and Inuit Education (A. Prkacin) (Presentation and Report)**

The report was presented under item 4.2.

9.2 North Oakville Preserve Catholic Elementary School Boundary Review (C. Cipriano)

C. Cipriano recognized J. Lucian, member of the Advisory Committee in attendance at the meeting. He presented the final report of the North Oakville Preserve Catholic Elementary School Boundary Review Process and the Recommendations of the Advisory School Boundary Review Committee. The School Boundary Review unanimously approved the proposed recommendation that will be presented at the March 1, 2016 Board Meeting.

C. Cipriano commented on the composition of the committee, the number of stakeholders in attendance at the Parent Community Consultation and the feedback submitted online. He indicated that there has been no requests received from delegations at this point in time.

10. Information Items**10.1 Student Trustees Update**

J. Brown indicated that the students will be attending the upcoming OSTA-AECO Conference in Ottawa from February 18th to February 21st. The students provided an update on the pillars of achieving, believing and belonging: activities pertaining to Black History Month; Catholic Week initiatives involving student senators; delivery of valentine cards; Ash Wednesday's ceremonies; food drives and focuses on Lenten promises by helping others and giving to the community; scholarship opportunities and awards; and activities to promote school spirit.

10.2 School Educational Field Trips (T. Overholt)

The report was provided as information.

10.3 Parent Survey (P. Dawson)

P. Dawson, as a follow up to the motion brought forward by P. Marai at the October 6th 2015 Board Meeting, proposing an electronic survey of HCDSB families, presented the feedback received from parents on the quality of programming at their schools. The survey, administered from December 16, 2015 to January 8, 2016, asked if parents had considered leaving the Catholic school and if so, why. She thanked the Research Department for their assistance.

Trustee Quinn thanked staff for the presentation and asked how, going forward, trustees would respond to the results knowing that 20% of current parents had considered moving boards. Addressing the percentage, P. Dawson clarified that it was 20% of 11.8% and that she would consult with the Research Department in terms of how significant were the results. P. Dawson also acknowledged that trustees and senior staff would consider the results during the budget process.

The survey will be administered at the end of the school year and then yearly, thereafter.

10.4 International Congress for School Effectiveness and Improvement - January 6th-9th, 2016, Glasgow, Scotland Conference (B. Browne)

Dr. B. Browne shared information regarding his attendance at the International Congress for School Effectiveness and Improvement (ICSEI) to promote research and enhance the quality and equity of education for students around the world. He identified key learning and emerging themes at the conference and was honoured to share the work of the

Halton Catholic District School Board. Dr. Browne noted participation provided the opportunity to highlight our gift of Catholic funded education to an international audience.

In response to questions, Dr. B. Browne acknowledged that Mental Health is gaining international recognition and the systems that do well are the ones that have a high commitment to equity, mental health and wellness. Time is better spent on creating conditions where children want to be and want to learn, in combination with literacy and numeracy work.

Staff also explained how professional learning gained at these conferences is shared with staff, throughout the system, either through social media, leadership workshops, and weekly senior staff meetings.

10.5 North Oakville Preserve Construction Report (G. Corbacio)

G. Corbacio addressed the Construction Report. The project is currently on budget.

11. Miscellaneous Information

11.1 CPIC Minutes - January 11, 2016

11.2 Policy Committee Minutes - January 12, 2016

12. Correspondence

12.1 Elementary and Secondary Principals' and Vice Principals' Association - Oath of Citizenship

12.2 J. Moher - Oath of Citizenship

The Chair indicated that the letters are in reaction to the amendment to Policy requiring that schools daily recite the Oath of Citizenship.

D. Rabenda addressed Governance Policy 1, specifically the fact that amendments to Policy don't require stakeholder input. In an effort to improve the opportunity for stakeholders input, she suggested that the Policy be revisited at an upcoming Policy Committee Meeting and that any proposed amendment to a Policy that is pertinent to the Education Act would be considered significant and should require input. C. Cipriano acknowledged that Governance Policy 1 will be on the March 29th Policy Committee agenda for review and that language is being crafted to address the issues raised by Trustee Rabenda.

13. Open Question Period

ACTION REPORT

ITEM 8.1

FIRST NATION MÉTIS AND INUIT EDUCATION CHARTER

PURPOSE:

To endorse the First Nation, Métis and Inuit Education Charter Resolution #6-15, as recommended by the Ontario Catholic School Trustees' Association at their Annual General Meeting May 1, 2015 (attached as Appendix A).

To share the Statement by the Permanent Council of the Canadian Conference of Catholic Bishops released June 12, 2015 in response to the Summary Report and Calls to Action by the Truth and Reconciliation Commission (attached as Appendix B).

To endorse key education recommendations from the Truth and Reconciliation Commission of Canada's Calls to Action report 62 i) and 63 i) and 64 (attached as Appendix C).

To recognize and honour the Traditional Land and Territory that all of our HCDSB schools are located (attached as Appendix D).

BACKGROUND INFORMATION:

The Ministry of Education has identified Aboriginal education as one of its key priorities. The Ontario Catholic School Trustees' Association passed a resolution in May, 2015 encouraging every Catholic School Board to adopt the Charter of Commitment for First Nations, Métis and Inuit education.

The vision of the Charter of Commitment is for First Nation, Métis and Inuit identities, cultures, languages, values, ways of knowing, and knowledge systems, to flourish in all Ontario schools. The Charter clearly articulates the endorsement of an equitable and respectful learning environment.

As the identified in a statement by the Permanent Council of the Canadian Conference of Catholic Bishops: *"...For close to 130 years, along with other Christian Churches, a number of Roman Catholic dioceses, religious communities and organizations collaborated in running these schools. Aboriginal children were forcibly enrolled, and subjected to an aggressive process of assimilation, with terrible consequences now recognized by Canadian society. Dialogue requires cultivating an attitude of openness in our lives. It demands deep listening, concern, respect and hospitality towards the other".*

In June 2015, National Truth and Reconciliation Commission of Canada (TRC) concluded seven years of work focused on giving voice to the history of residential schools in Canada. The first paragraph of the Summary of the Final Report of the Truth and Reconciliation Commission, Honouring the Truth, Reconciling for the Future reads: *"For over a century, the central goals of Canada's Aboriginal Policy were to eliminate Aboriginal governments; ignore Aboriginal rights; terminate the Treaties; and, through a process of assimilation, cause Aboriginal peoples to cease to exist as distinct legal, social, cultural, religious, and racial entities in Canada. The establishment and operation of residential schools were a central element of this policy, which can best be described as "cultural genocide".*

REMARKS:

Curriculum is needed for all students that is inclusive of First Nation, Métis and Inuit histories, cultures, and perspectives, both traditional and contemporary that is grounded in Cultural Responsive Pedagogy. To create this curriculum, there needs to be collaboration between the Ministry of Education, the Aboriginal communities and the Ontario Catholic School Trustees Association to include treaty education, the history and legacy of residential schools and the impact of the Indian Act in curriculum in a way that gives voice to First Peoples.

There also needs to be a commitment that all graduate students:

- Have knowledge of residential schools and their effects on Aboriginal communities in Canada;
- See themselves as contributors to reconciliation;
- Voice acknowledgement that the Halton Catholic District School Board is on the traditional territory of the First Peoples;

Key recommendations from the *Truth and Reconciliation Commission of Canada: Calls to Action* should be endorsed, specifically:

62. We call upon the federal, provincial and territorial governments in consultation and collaboration with Survivors, Aboriginal peoples, and educators, to: i) Make age-appropriate curriculum on residential schools, Treaties and Aboriginal peoples' historical and contemporary contributions to Canada a mandatory education requirement for Kindergarten to Grade Twelve Students.

63. We call upon the Council of Ministers of Education, Canada to maintain an annual commitment to aboriginal education issues, including: i) Developing and implementing Kindergarten to Grade Twelve curriculum and learning resources on Aboriginal peoples in Canadian history, and the history and legacy of residential schools;

64. We call upon all levels of government that provide public funds to denominational schools to require such schools to provide an education on comparative religious studies, which must include a segment on understanding of Indigenous laws and access to justice in accordance with the unique cultures of Aboriginal peoples in Canada.

CONCLUSION:

Pursuant to the discussion at the Board Meeting of February 16, 2016, this will confirm that the Canadian Conference of Catholic Bishop's most recent publication is the "Statement by the Permanent Council of the CCCB in an Initial Response to the Summary Report and Calls to Action by the Truth and Reconciliation Commission", June 12, 2015, as provided in Appendix 'B'. We are reminded that "Catholic social teaching places a priority on action for justice as a constitutive dimension of witnessing the Gospel". The CCCB continue to work in collaboration with the Canadian Catholic Aboriginal Council and has made a commitment to discern and respond to the Calls to Action.

On February 17, 2016, Ontario Premier Kathleen Wynne announced that Ontario is introducing mandatory indigenous cultural sensitivity and anti-racism training for all public service employees in response to the recommendations from the Truth and Reconciliation Commission. The training is designed to develop policies and programs to redress the legacy of residential schools, advance reconciliation with indigenous communities and make a real difference in the lives of the First Nations, Inuit and Metis people. Further, the province is developing a plan to ensure that the impact of residential schools, the history of colonization and the importance of the treaties is added to the curriculum in public schools. As a result of this statement and action, the Board no longer requires to correspond with the Ministry of Education, urging them to develop inclusive curriculum so all students are aware and can be a part of reconciliation

as per Calls to action of the Truth and Reconciliation Commission of Canada's Report. Consequently, the recommendation presented at the February 16, 2016 Board meeting has been amended accordingly.

RECOMMENDATION:

RESOLUTION:

Moved by:

Seconded by:

Whereas, the Ontario Catholic School Trustees' Association approved the First Nation, Métis and Inuit Education Charter and has encouraged every Catholic School Board to adopt said Charter of Commitment; and

Whereas, the work of the National Truth and Reconciliation Commission (TRC) regarding residential schools in Canada concluded its work in June 2015, resulting in 94 far reaching Calls to Action, including a number specifically focused on education;

Whereas, the Halton Catholic District School Board recognizes the history of our area with due respect and honour to its First Peoples, by acknowledging the land and territory;

BE IT RESOLVED, that the Halton Catholic District School Board:

- i) Endorse the Charter of Commitment for First Nation, Metis and Inuit Education and commits to having all students graduate with knowledge of residential schools and their effects on Aboriginal communities in Canada; and*
- ii) Endorse key education recommendations from the Truth and Reconciliation Commission of Canada: Calls to Action report, specifically 62 i) and 63 i) and 64.*

SUBJECT: OCSTA Resolution 6-15 Charter FNMI Education

At its Annual General Meeting of May 1, 2015, OCSTA approved the following resolution:

“OCSTA adopt the Charter of Commitment for First Nation, Métis and Inuit education and that the Charter be recommended to the Canadian Catholic School Trustees' Association for adoption as a National Charter of Commitment.”

The resolution is based on a similar Charter passed by the Ontario Public School Boards' Association (OPSBA) last year. The OPSBA resolution has been endorsed by all its individual public school boards across Ontario. You will note that the OCSTA version of the resolution includes reference to the Ontario Catholic Graduate Expectations. A copy of the resolution is attached for your information.

We encourage every Catholic school board to adopt this Charter of Commitment for First Nation, Métis and Inuit education. Each Board is doing very innovative work in FNMI education, and therefore we believe adoption of this resolution endorses and highlights that work.

Thank you for this important work in support of FNMI students.

Charter of Commitment

First Nation, Métis and Inuit Education

This document has been drafted for consideration for adoption by the Ontario Catholic School Trustees' Association and for recommendation to the Canadian Catholic School Trustees' Association as a National Charter of Commitment.

The development of this Charter is guided by:

- The *Canadian Constitution Act*, 1982
 - The United Nations Declaration on the Rights of Indigenous Peoples (UNDRIP), September, 2007
 - Ontario's First Nation, Métis and Inuit Education Policy Framework (2007)
 - *It's our Vision, It's Our Time – First Nations Control of First Nations Education*, Assembly of First Nations, July 2010
 - *The Accord on Indigenous Education*, Association of Canadian Deans of Education, 2010
 - The *Ontario Catholic School Graduate Expectations*, Institute for Catholic Education – Second Edition 2011
- (Key provisions of these documents are set out in the Appendix)

Intent

The intent of the Charter is to articulate the support by school boards for

- First Nation, Métis and Inuit knowledge systems and learning models;
- The central value of culture, language and knowledge of history in contributing to the well-being of First Nation, Métis and Inuit students, families and communities;
- A holistic approach that addresses spiritual, emotional, physical and intellectual development in relation to oneself, family, community and environment;
- Ensuring that there is a mechanism for school boards to periodically report on their progress towards achieving the goals of the Charter.

Vision

First Nation, Métis and Inuit identities, cultures, languages, values, ways of knowing, and knowledge systems will flourish in all Ontario schools.

Principles

This Charter of Commitment:

- Supports a socially just society for First Nation, Métis and Inuit peoples
- Reflects a respectful, collaborative, and consultative process among First Nation, Métis and Inuit knowledge holders and knowledge holders in the general education community
- Promotes partnerships among schools, school boards and First Nation, Métis and Inuit communities

- Values the diversity of First Nation, Métis and Inuit knowledge and ways of knowing and learning.

Goals

The Ontario Catholic School Trustees' Association on behalf of member school boards will collaborate with education partners in Ontario to support, endorse and foster the following goals:

Respectful and Welcoming Learning Environments

- Support all school and board staff in creating learning environments that instill a sense of belonging for all learners in Ontario and that are more accepting, respectful, welcoming and supportive of First Nation, Métis and Inuit learners.
- Promote strategies that encourage First Nation, Métis and Inuit students to participate in the full range of school activities including recreation and leadership roles.
- Foster initiatives that provide students with positive transition experiences in moving from First Nation communities to provincially funded schools.
- Promote respectful and welcoming environments so that all schools are positioned to encourage involvement of families of First Nation, Métis and Inuit students and of community members.

Respectful and Inclusive Curriculum and Classroom Programs

- Actively identify opportunities to integrate First Nation, Métis and Inuit histories, cultures and perspectives in delivery of curriculum in the classroom across the full spectrum of subjects and from K-12.
- Consult with Elders and other First Nation, Métis and Inuit experts in traditional knowledge, cultures, and histories to bring relevant local perspectives to instruction planning.
- Promote shared planning with First Nation, Métis and Inuit families in student transitions, student supports and curriculum resources and include these measures in Education Services Agreements between First Nation communities and school boards.
- Share successful initiatives of integration of First Nation, Métis and Inuit histories, cultures and perspectives among school boards and with the Ministry to support continuous improvement in curriculum and program planning that incorporates First Nation, Métis and Inuit content.

Culturally Responsive Pedagogy

- Advocate for teacher education programs that include courses on First Nation, Métis and Inuit cultures, histories and perspectives and that prepare teachers to incorporate these areas of knowledge across their teaching practice.
- Provide professional development within school boards that offers teachers opportunities to improve their knowledge, understanding and skills in relation to

First Nation, Métis and Inuit cultures, histories, perspectives, learning models and learning styles.

- Involve Elders and others with expertise in local First Nation, Métis and Inuit communities in supporting teachers to incorporate First Nation, Métis and Inuit content in their program delivery in accurate, culturally sensitive and appropriate ways

Valuing First Nation, Métis and Inuit expertise

- Partner with First Nation, Métis and Inuit organizations and learning institutions to engage their expertise in appropriate ways to incorporate First Nation, Métis and Inuit cultures, histories and perspectives in school programs.
- Consult with First Nation, Métis and Inuit organizations and learning institutions

Culturally responsive assessment

- Promote assessment practices that actively support achievement of First Nation, Métis and Inuit students through acknowledgement of a range of learning models and learning styles.
- Promote the elimination of cultural and other forms of bias in student assessment.

Affirming, revitalizing the languages of Canada's First Peoples

- Recognize the central role of language in supporting identity and culture and in validating First Nation, Métis and Inuit world views.
- Be proactive in promoting indigenous languages in schools, including consideration of language immersion programs.
- Promote the development of resources in First Nation, Métis and Inuit languages.

First Nation, Métis and Inuit representation in staff and leadership

- Promote voluntary confidential self-identification of First Nation, Métis and Inuit staff in school boards.
- Encourage increased representation of First Nation, Métis and Inuit staff in boards through hiring and promotion practices.
- Collaborate with universities and colleges, and with First Nation, Métis and Inuit communities, to improve access, transitional support and retention strategies to increase the numbers of First Nation, Métis and Inuit people enrolling in and completing secondary, post-secondary, teacher education and early childhood education programs.

Non-Aboriginal learners – foster commitment to First Nation, Métis and Inuit education

- Promote curriculum that ensures grade-appropriate instruction across the curriculum related to First Nation, Métis and Inuit cultures, histories, perspectives and contributions to both historical and contemporary Canada.
- Encourage opportunities for all students to experience First Nation, Métis and Inuit cultures and the components of an inclusive and welcoming school environment.

Research

- Create awareness of education research by First Nation, Métis and Inuit educators and researchers.
- Partner with First Nation, Métis and Inuit communities at all levels in ethically based and respectful research processes.

RIGHTS OF THE ABORIGINAL PEOPLES OF CANADA

35. (1) The existing aboriginal and treaty rights of the aboriginal peoples of Canada are hereby recognized and affirmed.

(2) In this Act, "aboriginal peoples of Canada" includes the Indian, Inuit, and Metis peoples of Canada.

(3) For greater certainty, in subsection (1) "treaty rights" includes rights that now exist by way of land claims agreements or may be so acquired.

(4) Notwithstanding any other provision of this Act, the aboriginal and treaty rights referred to in subsection (1) are guaranteed equally to male and female persons.

The United Nations Declaration on the Rights of Indigenous Peoples (UNDRIP), September, 2007

Article 14: (1) Indigenous peoples have the right to establish and control their educational systems and institutions providing education in their own languages, in a manner appropriate to their cultural methods of teaching and learning. (2) Indigenous individuals, particularly children, have the right to all levels and forms of education of the State without discrimination. (3) States shall, in conjunction with indigenous peoples, take effective measures, in order for indigenous individuals, particularly children, including those living outside their communities, to have access, when possible to an education in their own culture and provided in their own language.

Ontario's First Nation, Métis and Inuit Education Policy Framework (2007)

Vision

First Nation, Métis, and Inuit students in Ontario will have the knowledge, skills, and confidence they need to successfully complete their elementary and secondary education in order to pursue postsecondary education or training and/or to enter the workforce. They will have the traditional and contemporary knowledge, skills, and attitudes required to be socially contributive, politically active, and economically prosperous citizens of the world. All students in Ontario will have knowledge and appreciation of contemporary and traditional First Nation, Métis, and Inuit traditions, cultures, and perspectives.

***It's Our Vision, It's Our Time – First Nations Control of First Nations Education,
Assembly of First Nations, July 2010***

“The purpose of the policy framework presented in this paper is to reaffirm the First Nations’ vision of lifelong learning presented in the ICIE 1972 policy* and reassert First Nations inherent Aboriginal and Treaty rights to education. This policy framework provides strategic recommendations that will enable the development and implementation of education legislation, governance frameworks, policies, programs and services for all levels of education for First Nations learners at all stages of lifelong learning. Key elements of First Nations’ lifelong learning addressed in this paper include language immersion, holistic and culturally relevant curricula, well-trained educators, focused leadership, parental involvement and accountability, and safe and healthy facilities founded on principles that respect First Nations jurisdiction over education.”

“All peoples have the right to maintain their cultural and linguistic identities, and education is essential to actualizing this right. First Nations control over education will provide the means to acquire the necessary skills to be self-empowered and self-sufficient and to maintain First Nations cultural values and languages. This is essential to actualizing an individual’s success in society. It will also provide a strong foundation for empowering proud First Nations peoples who are fully able to contribute to the development of their families, clans, communities and nations.”

**** STATEMENT OF VALUES (ICIE 1972 Policy)***

“We want education to provide the setting in which our children can develop the fundamental attitudes and values which have an honored place in Indian tradition and culture. The values that we want to pass on to our children, values which make our people a great race, are not written in any book. They are found in our history, in our legends and in the culture. We believe that if an Indian child is fully aware of the important Indian values he will have reason to be proud of our race and of himself as an Indian.

We want the behavior of our children to be shaped by those values which are most esteemed in our culture. When our children come to school, they have already developed certain attitudes and habits that are based on experiences in the family. School programs that are influenced by these values respect cultural priority and are an extension of the education which parents give children from their first years.

These early lessons emphasize attitudes of:

- self-reliance,*
- respect for personal freedom,*
- generosity,*
- respect for nature, and*
- wisdom.*

All of these have a special place in the Indian way of life. While these values can be understood and interpreted in different ways by different cultures, it is very important that

Indian children have a chance to develop a value system which is compatible with Indian culture.

The gap between our people and those who have chosen, often gladly, to join us as residents of this beautiful and bountiful country, is vast when it comes to mutual understanding and appreciation of differences. To overcome this, it is essential that Canadian children of every racial origin have the opportunity during their school days to learn about the history, customs and culture of this country's original inhabitants and first citizens. We propose that education authorities, especially those in Ministries of Education, should provide for this in the curricula and texts which are chosen for use in Canadian schools."

The Accord on Indigenous Education, Association of Canadian Deans of Education, 2010

Establishing mechanisms and priorities for increased Indigenous educational engagement, establishing partnerships with Indigenous organizations and communities, and using educational frameworks based on Indigenous knowledge are trends that have important implications for the Association of Canadian Deans of Education (ACDE). New ways of engagement are required in order to address these trends. The time is right for a concerted and cooperative effort that creates transformational education by rejecting the "status quo," moving beyond "closing the gap" discourse, and contributing to the well-being of Indigenous peoples and their communities. At the same time, ACDE recognizes that it has a role and responsibility to expand educators' knowledge about and understanding of Indigenous education.

The processes of colonization have either outlawed or suppressed Indigenous knowledge systems, especially language and culture, and have contributed significantly to the low levels of educational attainment and high rates of social issues such as suicide, incarceration, unemployment, and family or community separation. In secondary schooling, for instance, 2006 graduation rates are still below 50 percent nationally for Aboriginal students and only 8 percent for university degree attainment, in contrast to the 14 percent Canadian average for persons over 15 years of age. In response, Indigenous people and their organizations and communities have become more involved in decision-making and policy development in order to improve all levels of education. Major national studies and government commissions have called for this type of political and educational involvement, and have recommended that Indigenous knowledge systems have a central position in educational policy, curriculum, and pedagogy, in order to make significant improvements to Indigenous education.² Individual and collective efforts to make such improvements are being enacted in local, regional, provincial, and national contexts. ACDE joins these efforts through its member faculties, schools, colleges, and departments of education across Canada. As a national organization, ACDE supports and encourages increased national dialogue and cooperative action for improving Indigenous education.

***Ontario Catholic School Graduate Expectations, 2nd Edition (2011)*, Institute for Catholic Education**

In 1998, the first edition of the *Ontario Catholic School Graduate Expectations* was released within the Catholic education community. Immediately, the *Expectations* were used as a framework for designing Ontario Catholic curriculum, in the development of youth leadership, teacher education and administrative programs and to support the work of local board initiatives.

Now in 2011, the second edition of the *Ontario Catholic School Graduate Expectations* has been released. After extensive consultation within the Catholic community the seven overall and fifty-two specific expectations have been validated and remain unchanged. The Institute for Catholic Education invites all stakeholders to continue to embrace and use the *Ontario Catholic School Graduate Expectations* to guide their programming and work in Catholic education. The seven overall expectations are:

1. A Discerning Believer Formed in the Catholic Faith Community
2. An Effective Communicator
3. A Reflective, Creative and Holistic Thinker
4. A Self-Directed, Responsible, Lifelong Learner
5. A Collaborative Contributor
6. A Caring Family Member
7. A Responsible Citizen

**Statement by the Permanent Council
of the Canadian Conference of Catholic Bishops
in an Initial Response to the Summary Report and Calls to Action by the Truth and
Reconciliation Commission**

Introduction

Since the beginnings of the Truth and Reconciliation Commission of Canada, hundreds of thousands of Catholics across the country have been involved in its hearings, directly or indirectly, including members of our Church from First Nations, Metis, and Inuit communities, as well as non-Aboriginal Catholics. Some of these were involved in the actual work of the Commission, while many more participated in its national and regional events, but all shared deeply in the issues being raised, through their prayer, reflections and a deep sense of solidarity, compassion and justice. This past June 2, the Commission tabled its summary report and Calls to Action in the nation's capital. We wish to share our immediate response as the Permanent Council of the Canadian Conference of Catholic Bishops.

A Hard, Painful Road

For the past six years, the Commissioners, their staff and many volunteers have worked courageously and tirelessly to lead our nation in a profound examination of conscience on a painful part of its collective history: the establishment and maintenance by the Canadian government of residential schools for Aboriginal children. For close to 130 years, along with other Christian Churches, a number of Roman Catholic dioceses, religious communities and missionary organizations collaborated in running these schools. Aboriginal children were forcibly enrolled, and subjected to an aggressive process of assimilation, with the terrible consequences now recognized by Canadian society.

The Truth and Reconciliation Commission created an environment in which many of these former students, their families and their communities were empowered to give voice to their own experiences and enabled to listen to the experiences of others. These witnesses revealed how much damage and suffering they lived in these institutions, and how this also affected the lives of later generations. Those appearing before the Commission gave witness to an amazing strength and vision for reconciliation. Their testimony lays out a challenge and an opportunity to choose a path of reconciliation.

For many Canadians, the Truth and Reconciliation Commission offered a first insight into the effects of the residential schools. Though some former students affirmed positive experiences and expressed thanks for the many good and kind staff who worked in the schools, many others bore

witness to painful separation from family and community, harsh discipline, poor living conditions, and assaults on their language, cultures and spiritual traditions. Survivors spoke, often with great pain, of physical, emotional and sexual abuse which haunted them throughout their lives.

Catholic leaders, including former staff who worked in the schools as well as representatives of other Church institutions, were present at the national and regional events of the Truth and Reconciliation Commission, listening, bearing witness, and expressing apologies, regret and the same desire for reconciliation. They were particularly touched by the will for forgiveness and reconciliation expressed by some of those who had suffered the most. They recognized in these survivors the face of Jesus, the wounded healer, who “intercedes for the transgressors” (Isaiah 53.12).

A New Journey Already Begun

For some in the Catholic community – members of dioceses and religious congregations as well as First Nations, Inuit and Metis Catholics who had attended these schools – this journey began long before the Truth and Reconciliation Commission. Workshops such as *Returning to Spirit*, and events such as the Sacred Assembly, inspired by the late Elijah Harper, have opened opportunities for people, Aboriginal and non-Aboriginal, to give witness to their journey. For these, the Truth and Reconciliation Commission was yet another important step in providing further opportunity for deeper encounter, greater understanding and renewed hope.

Over 20 years ago, on July 24, 1991, the Oblates of Mary Immaculate delivered an apology at the Lac Ste Anne pilgrimage site. This was the first of many similar statements from Catholic Bishops and others in leadership positions who, over the years, have apologized “for having been part of a system which, because of its historical privilege and assumed superiority did great damage to Native Peoples in Canada” and in which “the primal bond inherent within families was violated as a matter of policy.”¹ Recognizing the call to be one people of God, truly catholic and inclusive of all cultures, they lamented that “(we) have contributed to the loss of (Indigenous) language and culture and to the burden of shame.” In solidarity with those who have gone before us, “we carry immense sorrow for having contributed to this tragedy.”

The Way Forward

During the 1880s, the Cree in Saskatchewan were seeing the death of their way of life. It was a time of great trauma for their families and communities. Chief Poundmaker gave a famous talk in which he encouraged his people not to give up on the journey: “We all know the story of the man who sat beside the trail too long and then it grew over and he could never find his way again. We can never forget what has happened, but we cannot go back, nor can we just sit beside the trail.”² Today, faced with the burden of the past, all Canadians, non-Indigenous and Indigenous together, need to find the strength to move along the path of reconciliation that the Truth and Reconciliation Commission has set out.

¹ Apology of the Oblates of Mary Immaculate at Lac Ste Anne Pilgrimage, June 24, 1991.

² Dying words of *Petocahhanawawin* (Chief Poundmaker), 1842-1886.

Confident in God who, through the gift of Jesus, will bring to fulfilment every act of kindness and every sacrifice offered from a good heart, we invite all Canadians to encourage each other on the road of reconciliation. Where members of our Church and others have fallen short of being authentic witnesses to the liberating love of God, let us heed the words of Pope Francis: “God is always capable of restoring our joy; he makes it possible for us to lift up our heads and to start anew.”³

i. Addressing the Broader Issue

By focusing on the Indian Residential Schools, the Truth and Reconciliation Commission has encouraged a collective examination of the Canadian connection to one institution that existed for 130 years. However, the colonial policy that was at work in the residential schools affected all society, and even today continues to have a negative impact on Canadian institutions and even among the members of Canadian faith communities.

The Catholic Church, as a community of sinful men and women, is not immune to this. Its members have sometimes been spiritually blind, unable to see themselves as one Catholic family and to celebrate what Saint Pope John Paul II so prophetically proclaimed: “Christ, in the members of his Body, is Himself Indian.” The work of reconciliation will need to address not only the legacy of residential schools, but all cultural, economic and social policies which can hinder the vision and implementation of a renewed partnership with Aboriginal Peoples.

ii. Engaging in Meaningful Dialogue

The work of reconciliation offers a privileged opportunity to live the Way of the Gospel. In the life of the Catholic Church in Canada, this is close to the renewed efforts and new approaches to evangelization, demanding “dialogue not only with individuals but with cultures. It is to transform hearts, as well humanize political and economic systems.”⁴

Dialogue requires cultivating an attitude of openness in our lives. It demands deep listening, concern, respect, and hospitality towards the other. Foundational to what it means to be both human and Christian, it is a grace that must be fostered and practised. To that end, we invite each Catholic diocese and all Catholics to seek ways and occasions to foster the spirit of dialogue. We encourage Catholic communities to find occasions to gather as a united community of faith, possibly on the feast of Our Lady of Guadalupe (December 12), the feast of Saint Kateri Tekakwitha (April 17, whom Pope Benedict XVI called the Protectress of Canada), or on other occasions such as Aboriginal Day (June 21), in order to embrace and celebrate the unity to which Christ calls all his members.

Dialogue also takes the form of action. Catholic social teaching places a priority on action for justice as a constitutive dimension of witnessing to the Gospel. In Canada, this has provided a foundation for many initiatives and efforts in solidarity with Indigenous peoples in the last half century alone. The commitment to the struggle for justice has in turn been greatly

³ Pope Francis, Apostolic Exhortation *Evangelii gaudium*, 3.

strengthened and broadened by ecumenical cooperation among Canadian Christians. This too needs to be continued and strengthened.

We are grateful for those who have developed workshops, courses and other learning tools to engage non-Aboriginals and Aboriginals together in dialogue toward understanding, celebrating diversity and embracing unity. We encourage pastors, Indigenous spiritual leaders, as well as teachers and other Catholic laity to take advantage of what is offered by groups and organizations in Canada which witness to the possibility of reconciliation and healing.

iii. Strengthening Families

Witnesses at the Truth and Reconciliation Commission often made reference to the damage to their families that was inflicted by the Indian Residential Schools system. Today, First Nations, Metis and Inuit Peoples are the fastest growing population in Canada. A commitment to reconciliation will include work to support Indigenous peoples in their effort to assure that the coming generations grow strong, proud, loving and healthy families.

All levels of government – federal, provincial and territorial, municipal – must collaborate in ensuring a system of education for Aboriginal children that will assure fair access to culturally relevant learning in schools which are justly funded, safe, secure, and accessible to all Indigenous students, through elementary to post-secondary education.

There needs to be special attention to the central role of women in the family and community by confronting the epidemic of murdered and missing Indigenous women. The right and responsibility of Indigenous families and communities to provide a supportive and corrective environment for their members must be re-affirmed. Canadians also need to work together to depopulate the prisons of Canada. A disproportionate number of prisoners are Indigenous: a sign Canadian justice and correctional systems do not respond adequately to Aboriginal realities.

iv. The Canadian Conference of Catholic Bishops

Neither the Catholic Bishops of Canada as a whole nor the Canadian Conference of Catholic Bishops was involved in the operations or management of the former Indian Residential Schools. Moreover, our Conference is not the national headquarters of the Catholic Church, nor does it have authority over our country's dioceses or religious communities. In its role as the national assembly of Bishops, our Conference facilitates the work of individual Bishops who are the primary pastors and faith leaders in their respective dioceses.

In that framework, we wish to confirm that the Calls to Action which have been recommended to Churches by the Truth and Reconciliation Commission are on the agenda of the next Plenary Assembly of the Catholic Bishops of Canada. We are committed to ensuring that the Calls to Action will be given careful hearing and full discussion. We are confident they will be carefully considered by the Bishops of Canada, and in this process we know we can count on the collaboration of the Canadian Catholic Aboriginal Council. In addition, we

are confident that major superiors of congregations of religious women and men throughout Canada are committed to discerning how they may receive and respond to the Calls to Action.

Fellow Travelers on the Way to God

One family before God, and united with our Aboriginal Catholic brothers and sisters, we encourage each other in the hope that, by the Spirit of Jesus who has reconciled the whole world to the Father, we – Indigenous and non-Indigenous – will be reconciled to each other. As members of the Catholic community, we are confident we all undertake this journey under the protection of Saint Kateri Tekakwitha, a spiritual mother in our faith. We remember her as one who reveals to us what it means to be a follower of Christ and to allow the Holy Spirit to illuminate what is noblest, truest and holiest in our cultures. Her life of heroic virtue as a truly Christian Mohawk woman is a gift to all the Church in our country and around the world. Let us seek her intercession and guidance as Protectress of all Canada.

Calls to Action

In order to redress the legacy of residential schools and advance the process of Canadian reconciliation, the Truth and Reconciliation Commission makes the following calls to action.

Legacy

CHILD WELFARE

1. We call upon the federal, provincial, territorial, and Aboriginal governments to commit to reducing the number of Aboriginal children in care by:
 - i. Monitoring and assessing neglect investigations.
 - ii. Providing adequate resources to enable Aboriginal communities and child-welfare organizations to keep Aboriginal families together where it is safe to do so, and to keep children in culturally appropriate environments, regardless of where they reside.
 - iii. Ensuring that social workers and others who conduct child-welfare investigations are properly educated and trained about the history and impacts of residential schools.
 - iv. Ensuring that social workers and others who conduct child-welfare investigations are properly educated and trained about the potential for Aboriginal communities and families to provide more appropriate solutions to family healing.
 - v. Requiring that all child-welfare decision makers consider the impact of the residential school experience on children and their caregivers.
2. We call upon the federal government, in collaboration with the provinces and territories, to prepare and

publish annual reports on the number of Aboriginal children (First Nations, Inuit, and Métis) who are in care, compared with non-Aboriginal children, as well as the reasons for apprehension, the total spending on preventive and care services by child-welfare agencies, and the effectiveness of various interventions.

3. We call upon all levels of government to fully implement Jordan's Principle.
4. We call upon the federal government to enact Aboriginal child-welfare legislation that establishes national standards for Aboriginal child apprehension and custody cases and includes principles that:
 - i. Affirm the right of Aboriginal governments to establish and maintain their own child-welfare agencies.
 - ii. Require all child-welfare agencies and courts to take the residential school legacy into account in their decision making.
 - iii. Establish, as an important priority, a requirement that placements of Aboriginal children into temporary and permanent care be culturally appropriate.
5. We call upon the federal, provincial, territorial, and Aboriginal governments to develop culturally appropriate parenting programs for Aboriginal families.

EDUCATION

6. We call upon the Government of Canada to repeal Section 43 of the *Criminal Code of Canada*.
7. We call upon the federal government to develop with Aboriginal groups a joint strategy to eliminate

educational and employment gaps between Aboriginal and non-Aboriginal Canadians.

8. We call upon the federal government to eliminate the discrepancy in federal education funding for First Nations children being educated on reserves and those First Nations children being educated off reserves.
9. We call upon the federal government to prepare and publish annual reports comparing funding for the education of First Nations children on and off reserves, as well as educational and income attainments of Aboriginal peoples in Canada compared with non-Aboriginal people.
10. We call on the federal government to draft new Aboriginal education legislation with the full participation and informed consent of Aboriginal peoples. The new legislation would include a commitment to sufficient funding and would incorporate the following principles:
 - i. Providing sufficient funding to close identified educational achievement gaps within one generation.
 - ii. Improving education attainment levels and success rates.
 - iii. Developing culturally appropriate curricula.
 - iv. Protecting the right to Aboriginal languages, including the teaching of Aboriginal languages as credit courses.
 - v. Enabling parental and community responsibility, control, and accountability, similar to what parents enjoy in public school systems.
 - vi. Enabling parents to fully participate in the education of their children.
 - vii. Respecting and honouring Treaty relationships.
11. We call upon the federal government to provide adequate funding to end the backlog of First Nations students seeking a post-secondary education.
12. We call upon the federal, provincial, territorial, and Aboriginal governments to develop culturally appropriate early childhood education programs for Aboriginal families.

LANGUAGE AND CULTURE

13. We call upon the federal government to acknowledge that Aboriginal rights include Aboriginal language rights.

14. We call upon the federal government to enact an Aboriginal Languages Act that incorporates the following principles:
 - i. Aboriginal languages are a fundamental and valued element of Canadian culture and society, and there is an urgency to preserve them.
 - ii. Aboriginal language rights are reinforced by the Treaties.
 - iii. The federal government has a responsibility to provide sufficient funds for Aboriginal-language revitalization and preservation.
 - iv. The preservation, revitalization, and strengthening of Aboriginal languages and cultures are best managed by Aboriginal people and communities.
 - v. Funding for Aboriginal language initiatives must reflect the diversity of Aboriginal languages.
15. We call upon the federal government to appoint, in consultation with Aboriginal groups, an Aboriginal Languages Commissioner. The commissioner should help promote Aboriginal languages and report on the adequacy of federal funding of Aboriginal-languages initiatives.
16. We call upon post-secondary institutions to create university and college degree and diploma programs in Aboriginal languages.
17. We call upon all levels of government to enable residential school Survivors and their families to reclaim names changed by the residential school system by waiving administrative costs for a period of five years for the name-change process and the revision of official identity documents, such as birth certificates, passports, driver's licenses, health cards, status cards, and social insurance numbers.

HEALTH

18. We call upon the federal, provincial, territorial, and Aboriginal governments to acknowledge that the current state of Aboriginal health in Canada is a direct result of previous Canadian government policies, including residential schools, and to recognize and implement the health-care rights of Aboriginal people as identified in international law, constitutional law, and under the Treaties.
19. We call upon the federal government, in consultation with Aboriginal peoples, to establish measurable goals to identify and close the gaps in health outcomes

between Aboriginal and non-Aboriginal communities, and to publish annual progress reports and assess long-term trends. Such efforts would focus on indicators such as: infant mortality, maternal health, suicide, mental health, addictions, life expectancy, birth rates, infant and child health issues, chronic diseases, illness and injury incidence, and the availability of appropriate health services.

20. In order to address the jurisdictional disputes concerning Aboriginal people who do not reside on reserves, we call upon the federal government to recognize, respect, and address the distinct health needs of the Métis, Inuit, and off-reserve Aboriginal peoples.
21. We call upon the federal government to provide sustainable funding for existing and new Aboriginal healing centres to address the physical, mental, emotional, and spiritual harms caused by residential schools, and to ensure that the funding of healing centres in Nunavut and the Northwest Territories is a priority.
22. We call upon those who can effect change within the Canadian health-care system to recognize the value of Aboriginal healing practices and use them in the treatment of Aboriginal patients in collaboration with Aboriginal healers and Elders where requested by Aboriginal patients.
23. We call upon all levels of government to:
 - i. Increase the number of Aboriginal professionals working in the health-care field.
 - ii. Ensure the retention of Aboriginal health-care providers in Aboriginal communities.
 - iii. Provide cultural competency training for all health-care professionals.
24. We call upon medical and nursing schools in Canada to require all students to take a course dealing with Aboriginal health issues, including the history and legacy of residential schools, the *United Nations Declaration on the Rights of Indigenous Peoples*, Treaties and Aboriginal rights, and Indigenous teachings and practices. This will require skills-based training in intercultural competency, conflict resolution, human rights, and anti-racism.

JUSTICE

25. We call upon the federal government to establish a written policy that reaffirms the independence of the

Royal Canadian Mounted Police to investigate crimes in which the government has its own interest as a potential or real party in civil litigation.

26. We call upon the federal, provincial, and territorial governments to review and amend their respective statutes of limitations to ensure that they conform to the principle that governments and other entities cannot rely on limitation defences to defend legal actions of historical abuse brought by Aboriginal people.
27. We call upon the Federation of Law Societies of Canada to ensure that lawyers receive appropriate cultural competency training, which includes the history and legacy of residential schools, the *United Nations Declaration on the Rights of Indigenous Peoples*, Treaties and Aboriginal rights, Indigenous law, and Aboriginal-Crown relations. This will require skills-based training in intercultural competency, conflict resolution, human rights, and anti-racism.
28. We call upon law schools in Canada to require all law students to take a course in Aboriginal people and the law, which includes the history and legacy of residential schools, the *United Nations Declaration on the Rights of Indigenous Peoples*, Treaties and Aboriginal rights, Indigenous law, and Aboriginal-Crown relations. This will require skills-based training in intercultural competency, conflict resolution, human rights, and anti-racism.
29. We call upon the parties and, in particular, the federal government, to work collaboratively with plaintiffs not included in the Indian Residential Schools Settlement Agreement to have disputed legal issues determined expeditiously on an agreed set of facts.
30. We call upon federal, provincial, and territorial governments to commit to eliminating the overrepresentation of Aboriginal people in custody over the next decade, and to issue detailed annual reports that monitor and evaluate progress in doing so.
31. We call upon the federal, provincial, and territorial governments to provide sufficient and stable funding to implement and evaluate community sanctions that will provide realistic alternatives to imprisonment for Aboriginal offenders and respond to the underlying causes of offending.
32. We call upon the federal government to amend the Criminal Code to allow trial judges, upon giving reasons, to depart from mandatory minimum sentences and restrictions on the use of conditional sentences.

33. We call upon the federal, provincial, and territorial governments to recognize as a high priority the need to address and prevent Fetal Alcohol Spectrum Disorder (FASD), and to develop, in collaboration with Aboriginal people, FASD preventive programs that can be delivered in a culturally appropriate manner.
34. We call upon the governments of Canada, the provinces, and territories to undertake reforms to the criminal justice system to better address the needs of offenders with Fetal Alcohol Spectrum Disorder (FASD), including:
 - i. Providing increased community resources and powers for courts to ensure that FASD is properly diagnosed, and that appropriate community supports are in place for those with FASD.
 - ii. Enacting statutory exemptions from mandatory minimum sentences of imprisonment for offenders affected by FASD.
 - iii. Providing community, correctional, and parole resources to maximize the ability of people with FASD to live in the community.
 - iv. Adopting appropriate evaluation mechanisms to measure the effectiveness of such programs and ensure community safety.
35. We call upon the federal government to eliminate barriers to the creation of additional Aboriginal healing lodges within the federal correctional system.
36. We call upon the federal, provincial, and territorial governments to work with Aboriginal communities to provide culturally relevant services to inmates on issues such as substance abuse, family and domestic violence, and overcoming the experience of having been sexually abused.
37. We call upon the federal government to provide more supports for Aboriginal programming in halfway houses and parole services.
38. We call upon the federal, provincial, territorial, and Aboriginal governments to commit to eliminating the overrepresentation of Aboriginal youth in custody over the next decade.
39. We call upon the federal government to develop a national plan to collect and publish data on the criminal victimization of Aboriginal people, including data related to homicide and family violence victimization.

40. We call on all levels of government, in collaboration with Aboriginal people, to create adequately funded and accessible Aboriginal-specific victim programs and services with appropriate evaluation mechanisms.
41. We call upon the federal government, in consultation with Aboriginal organizations, to appoint a public inquiry into the causes of, and remedies for, the disproportionate victimization of Aboriginal women and girls. The inquiry's mandate would include:
 - i. Investigation into missing and murdered Aboriginal women and girls.
 - ii. Links to the intergenerational legacy of residential schools.
42. We call upon the federal, provincial, and territorial governments to commit to the recognition and implementation of Aboriginal justice systems in a manner consistent with the Treaty and Aboriginal rights of Aboriginal peoples, the *Constitution Act, 1982*, and the *United Nations Declaration on the Rights of Indigenous Peoples*, endorsed by Canada in November 2012.

Reconciliation

CANADIAN GOVERNMENTS AND THE UNITED NATIONS DECLARATION ON THE RIGHTS OF INDIGENOUS PEOPLE

43. We call upon federal, provincial, territorial, and municipal governments to fully adopt and implement the *United Nations Declaration on the Rights of Indigenous Peoples* as the framework for reconciliation.
44. We call upon the Government of Canada to develop a national action plan, strategies, and other concrete measures to achieve the goals of the *United Nations Declaration on the Rights of Indigenous Peoples*.

ROYAL PROCLAMATION AND COVENANT OF RECONCILIATION

45. We call upon the Government of Canada, on behalf of all Canadians, to jointly develop with Aboriginal peoples a Royal Proclamation of Reconciliation to be issued by the Crown. The proclamation would build on the Royal Proclamation of 1763 and the Treaty of Niagara of 1764, and reaffirm the nation-to-nation relationship between Aboriginal peoples and the Crown. The proclamation would include, but not be limited to, the following commitments:

- i. Repudiate concepts used to justify European sovereignty over Indigenous lands and peoples such as the Doctrine of Discovery and *terra nullius*.
 - ii. Adopt and implement the *United Nations Declaration on the Rights of Indigenous Peoples* as the framework for reconciliation.
 - iii. Renew or establish Treaty relationships based on principles of mutual recognition, mutual respect, and shared responsibility for maintaining those relationships into the future.
 - iv. Reconcile Aboriginal and Crown constitutional and legal orders to ensure that Aboriginal peoples are full partners in Confederation, including the recognition and integration of Indigenous laws and legal traditions in negotiation and implementation processes involving Treaties, land claims, and other constructive agreements.
46. We call upon the parties to the Indian Residential Schools Settlement Agreement to develop and sign a Covenant of Reconciliation that would identify principles for working collaboratively to advance reconciliation in Canadian society, and that would include, but not be limited to:
- i. Reaffirmation of the parties' commitment to reconciliation.
 - ii. Repudiation of concepts used to justify European sovereignty over Indigenous lands and peoples, such as the Doctrine of Discovery and *terra nullius*, and the reformation of laws, governance structures, and policies within their respective institutions that continue to rely on such concepts.
 - iii. Full adoption and implementation of the *United Nations Declaration on the Rights of Indigenous Peoples* as the framework for reconciliation.
 - iv. Support for the renewal or establishment of Treaty relationships based on principles of mutual recognition, mutual respect, and shared responsibility for maintaining those relationships into the future.
 - v. Enabling those excluded from the Settlement Agreement to sign onto the Covenant of Reconciliation.
 - vi. Enabling additional parties to sign onto the Covenant of Reconciliation.

47. We call upon federal, provincial, territorial, and municipal governments to repudiate concepts used to justify European sovereignty over Indigenous peoples and lands, such as the Doctrine of Discovery and *terra nullius*, and to reform those laws, government policies, and litigation strategies that continue to rely on such concepts.

SETTLEMENT AGREEMENT PARTIES AND THE UNITED NATIONS DECLARATION ON THE RIGHTS OF INDIGENOUS PEOPLES

48. We call upon the church parties to the Settlement Agreement, and all other faith groups and interfaith social justice groups in Canada who have not already done so, to formally adopt and comply with the principles, norms, and standards of the *United Nations Declaration on the Rights of Indigenous Peoples* as a framework for reconciliation. This would include, but not be limited to, the following commitments:
- i. Ensuring that their institutions, policies, programs, and practices comply with the *United Nations Declaration on the Rights of Indigenous Peoples*.
 - ii. Respecting Indigenous peoples' right to self-determination in spiritual matters, including the right to practise, develop, and teach their own spiritual and religious traditions, customs, and ceremonies, consistent with Article 12:1 of the *United Nations Declaration on the Rights of Indigenous Peoples*.
 - iii. Engaging in ongoing public dialogue and actions to support the *United Nations Declaration on the Rights of Indigenous Peoples*.
 - iv. Issuing a statement no later than March 31, 2016, from all religious denominations and faith groups, as to how they will implement the *United Nations Declaration on the Rights of Indigenous Peoples*.
49. We call upon all religious denominations and faith groups who have not already done so to repudiate concepts used to justify European sovereignty over Indigenous lands and peoples, such as the Doctrine of Discovery and *terra nullius*.

EQUITY FOR ABORIGINAL PEOPLE IN THE LEGAL SYSTEM

50. In keeping with the *United Nations Declaration on the Rights of Indigenous Peoples*, we call upon the federal government, in collaboration with Aboriginal organizations, to fund the establishment of Indigenous law institutes for the development, use, and

understanding of Indigenous laws and access to justice in accordance with the unique cultures of Aboriginal peoples in Canada.

51. We call upon the Government of Canada, as an obligation of its fiduciary responsibility, to develop a policy of transparency by publishing legal opinions it develops and upon which it acts or intends to act, in regard to the scope and extent of Aboriginal and Treaty rights.
52. We call upon the Government of Canada, provincial and territorial governments, and the courts to adopt the following legal principles:
 - i. Aboriginal title claims are accepted once the Aboriginal claimant has established occupation over a particular territory at a particular point in time.
 - ii. Once Aboriginal title has been established, the burden of proving any limitation on any rights arising from the existence of that title shifts to the party asserting such a limitation.

NATIONAL COUNCIL FOR RECONCILIATION

53. We call upon the Parliament of Canada, in consultation and collaboration with Aboriginal peoples, to enact legislation to establish a National Council for Reconciliation. The legislation would establish the council as an independent, national, oversight body with membership jointly appointed by the Government of Canada and national Aboriginal organizations, and consisting of Aboriginal and non-Aboriginal members. Its mandate would include, but not be limited to, the following:
 - i. Monitor, evaluate, and report annually to Parliament and the people of Canada on the Government of Canada's post-apology progress on reconciliation to ensure that government accountability for reconciling the relationship between Aboriginal peoples and the Crown is maintained in the coming years.
 - ii. Monitor, evaluate, and report to Parliament and the people of Canada on reconciliation progress across all levels and sectors of Canadian society, including the implementation of the Truth and Reconciliation Commission of Canada's Calls to Action.
 - iii. Develop and implement a multi-year National Action Plan for Reconciliation, which includes research and policy development, public education programs, and resources.

- iv. Promote public dialogue, public/private partnerships, and public initiatives for reconciliation.

54. We call upon the Government of Canada to provide multi-year funding for the National Council for Reconciliation to ensure that it has the financial, human, and technical resources required to conduct its work, including the endowment of a National Reconciliation Trust to advance the cause of reconciliation.
55. We call upon all levels of government to provide annual reports or any current data requested by the National Council for Reconciliation so that it can report on the progress towards reconciliation. The reports or data would include, but not be limited to:
 - i. The number of Aboriginal children—including Métis and Inuit children—in care, compared with non-Aboriginal children, the reasons for apprehension, and the total spending on preventive and care services by child-welfare agencies.
 - ii. Comparative funding for the education of First Nations children on and off reserves.
 - iii. The educational and income attainments of Aboriginal peoples in Canada compared with non-Aboriginal people.
 - iv. Progress on closing the gaps between Aboriginal and non-Aboriginal communities in a number of health indicators such as: infant mortality, maternal health, suicide, mental health, addictions, life expectancy, birth rates, infant and child health issues, chronic diseases, illness and injury incidence, and the availability of appropriate health services.
 - v. Progress on eliminating the overrepresentation of Aboriginal children in youth custody over the next decade.
 - vi. Progress on reducing the rate of criminal victimization of Aboriginal people, including data related to homicide and family violence victimization and other crimes.
 - vii. Progress on reducing the overrepresentation of Aboriginal people in the justice and correctional systems.
56. We call upon the prime minister of Canada to formally respond to the report of the National Council for Reconciliation by issuing an annual "State of Aboriginal Peoples" report, which would outline the government's plans for advancing the cause of reconciliation.

PROFESSIONAL DEVELOPMENT AND TRAINING FOR PUBLIC SERVANTS

57. We call upon federal, provincial, territorial, and municipal governments to provide education to public servants on the history of Aboriginal peoples, including the history and legacy of residential schools, the *United Nations Declaration on the Rights of Indigenous Peoples*, Treaties and Aboriginal rights, Indigenous law, and Aboriginal–Crown relations. This will require skills-based training in intercultural competency, conflict resolution, human rights, and anti-racism.

CHURCH APOLOGIES AND RECONCILIATION

58. We call upon the Pope to issue an apology to Survivors, their families, and communities for the Roman Catholic Church's role in the spiritual, cultural, emotional, physical, and sexual abuse of First Nations, Inuit, and Métis children in Catholic-run residential schools. We call for that apology to be similar to the 2010 apology issued to Irish victims of abuse and to occur within one year of the issuing of this Report and to be delivered by the Pope in Canada.
59. We call upon church parties to the Settlement Agreement to develop ongoing education strategies to ensure that their respective congregations learn about their church's role in colonization, the history and legacy of residential schools, and why apologies to former residential school students, their families, and communities were necessary.
60. We call upon leaders of the church parties to the Settlement Agreement and all other faiths, in collaboration with Indigenous spiritual leaders, Survivors, schools of theology, seminaries, and other religious training centres, to develop and teach curriculum for all student clergy, and all clergy and staff who work in Aboriginal communities, on the need to respect Indigenous spirituality in its own right, the history and legacy of residential schools and the roles of the church parties in that system, the history and legacy of religious conflict in Aboriginal families and communities, and the responsibility that churches have to mitigate such conflicts and prevent spiritual violence.
61. We call upon church parties to the Settlement Agreement, in collaboration with Survivors and representatives of Aboriginal organizations, to establish permanent funding to Aboriginal people for:
- i. Community-controlled healing and reconciliation projects.

- ii. Community-controlled culture- and language-revitalization projects.
- iii. Community-controlled education and relationship-building projects.
- iv. Regional dialogues for Indigenous spiritual leaders and youth to discuss Indigenous spirituality, self-determination, and reconciliation.

EDUCATION FOR RECONCILIATION

62. We call upon the federal, provincial, and territorial governments, in consultation and collaboration with Survivors, Aboriginal peoples, and educators, to:
- i. Make age-appropriate curriculum on residential schools, Treaties, and Aboriginal peoples' historical and contemporary contributions to Canada a mandatory education requirement for Kindergarten to Grade Twelve students.
 - ii. Provide the necessary funding to post-secondary institutions to educate teachers on how to integrate Indigenous knowledge and teaching methods into classrooms.
 - iii. Provide the necessary funding to Aboriginal schools to utilize Indigenous knowledge and teaching methods in classrooms.
 - iv. Establish senior-level positions in government at the assistant deputy minister level or higher dedicated to Aboriginal content in education.
63. We call upon the Council of Ministers of Education, Canada to maintain an annual commitment to Aboriginal education issues, including:
- i. Developing and implementing Kindergarten to Grade Twelve curriculum and learning resources on Aboriginal peoples in Canadian history, and the history and legacy of residential schools.
 - ii. Sharing information and best practices on teaching curriculum related to residential schools and Aboriginal history.
 - iii. Building student capacity for intercultural understanding, empathy, and mutual respect.
 - iv. Identifying teacher-training needs relating to the above.
64. We call upon all levels of government that provide public funds to denominational schools to require such schools to provide an education on comparative religious studies, which must include a segment on

Aboriginal spiritual beliefs and practices developed in collaboration with Aboriginal Elders.

65. We call upon the federal government, through the Social Sciences and Humanities Research Council, and in collaboration with Aboriginal peoples, post-secondary institutions and educators, and the National Centre for Truth and Reconciliation and its partner institutions, to establish a national research program with multi-year funding to advance understanding of reconciliation.

YOUTH PROGRAMS

66. We call upon the federal government to establish multi-year funding for community-based youth organizations to deliver programs on reconciliation, and establish a national network to share information and best practices.

MUSEUMS AND ARCHIVES

67. We call upon the federal government to provide funding to the Canadian Museums Association to undertake, in collaboration with Aboriginal peoples, a national review of museum policies and best practices to determine the level of compliance with the *United Nations Declaration on the Rights of Indigenous Peoples* and to make recommendations.
68. We call upon the federal government, in collaboration with Aboriginal peoples, and the Canadian Museums Association to mark the 150th anniversary of Canadian Confederation in 2017 by establishing a dedicated national funding program for commemoration projects on the theme of reconciliation.
69. We call upon Library and Archives Canada to:
 - i. Fully adopt and implement the *United Nations Declaration on the Rights of Indigenous Peoples* and the *United Nations Joint-Orontlicher Principles*, as related to Aboriginal peoples' inalienable right to know the truth about what happened and why, with regard to human rights violations committed against them in the residential schools.
 - ii. Ensure that its record holdings related to residential schools are accessible to the public.
 - iii. Commit more resources to its public education materials and programming on residential schools.
70. We call upon the federal government to provide funding to the Canadian Association of Archivists to undertake, in collaboration with Aboriginal peoples, a national review of archival policies and best practices to:

- i. Determine the level of compliance with the *United Nations Declaration on the Rights of Indigenous Peoples* and the *United Nations Joint-Orontlicher Principles*, as related to Aboriginal peoples' inalienable right to know the truth about what happened and why, with regard to human rights violations committed against them in the residential schools.
- ii. Produce a report with recommendations for full implementation of these international mechanisms as a reconciliation framework for Canadian archives.

MISSING CHILDREN AND BURIAL INFORMATION

71. We call upon all chief coroners and provincial vital statistics agencies that have not provided to the Truth and Reconciliation Commission of Canada their records on the deaths of Aboriginal children in the care of residential school authorities to make these documents available to the National Centre for Truth and Reconciliation.
72. We call upon the federal government to allocate sufficient resources to the National Centre for Truth and Reconciliation to allow it to develop and maintain the National Residential School Student Death Register established by the Truth and Reconciliation Commission of Canada.
73. We call upon the federal government to work with churches, Aboriginal communities, and former residential school students to establish and maintain an online registry of residential school cemeteries, including, where possible, plot maps showing the location of deceased residential school children.
74. We call upon the federal government to work with the churches and Aboriginal community leaders to inform the families of children who died at residential schools of the child's burial location, and to respond to families' wishes for appropriate commemoration ceremonies and markers, and reburial in home communities where requested.
75. We call upon the federal government to work with provincial, territorial, and municipal governments, churches, Aboriginal communities, former residential school students, and current landowners to develop and implement strategies and procedures for the ongoing identification, documentation, maintenance, commemoration, and protection of residential school cemeteries or other sites at which residential school children were buried. This is to include the provision of

appropriate memorial ceremonies and commemorative markers to honour the deceased children.

76. We call upon the parties engaged in the work of documenting, maintaining, commemorating, and protecting residential school cemeteries to adopt strategies in accordance with the following principles:
- i. The Aboriginal community most affected shall lead the development of such strategies.
 - ii. Information shall be sought from residential school Survivors and other Knowledge Keepers in the development of such strategies.
 - iii. Aboriginal protocols shall be respected before any potentially invasive technical inspection and investigation of a cemetery site.

NATIONAL CENTRE FOR TRUTH AND RECONCILIATION

77. We call upon provincial, territorial, municipal, and community archives to work collaboratively with the National Centre for Truth and Reconciliation to identify and collect copies of all records relevant to the history and legacy of the residential school system, and to provide these to the National Centre for Truth and Reconciliation.
78. We call upon the Government of Canada to commit to making a funding contribution of \$10 million over seven years to the National Centre for Truth and Reconciliation, plus an additional amount to assist communities to research and produce histories of their own residential school experience and their involvement in truth, healing, and reconciliation.

COMMEMORATION

79. We call upon the federal government, in collaboration with Survivors, Aboriginal organizations, and the arts community, to develop a reconciliation framework for Canadian heritage and commemoration. This would include, but not be limited to:
- i. Amending the Historic Sites and Monuments Act to include First Nations, Inuit, and Métis representation on the Historic Sites and Monuments Board of Canada and its Secretariat.
 - ii. Revising the policies, criteria, and practices of the National Program of Historical Commemoration to integrate Indigenous history, heritage values, and memory practices into Canada's national heritage and history.

- iii. Developing and implementing a national heritage plan and strategy for commemorating residential school sites, the history and legacy of residential schools, and the contributions of Aboriginal peoples to Canada's history.

80. We call upon the federal government, in collaboration with Aboriginal peoples, to establish, as a statutory holiday, a National Day for Truth and Reconciliation to honour Survivors, their families, and communities, and ensure that public commemoration of the history and legacy of residential schools remains a vital component of the reconciliation process.
81. We call upon the federal government, in collaboration with Survivors and their organizations, and other parties to the Settlement Agreement, to commission and install a publicly accessible, highly visible, Residential Schools National Monument in the city of Ottawa to honour Survivors and all the children who were lost to their families and communities.
82. We call upon provincial and territorial governments, in collaboration with Survivors and their organizations, and other parties to the Settlement Agreement, to commission and install a publicly accessible, highly visible, Residential Schools Monument in each capital city to honour Survivors and all the children who were lost to their families and communities.
83. We call upon the Canada Council for the Arts to establish, as a funding priority, a strategy for Indigenous and non-Indigenous artists to undertake collaborative projects and produce works that contribute to the reconciliation process.

MEDIA AND RECONCILIATION

84. We call upon the federal government to restore and increase funding to the CBC/Radio-Canada, to enable Canada's national public broadcaster to support reconciliation, and be properly reflective of the diverse cultures, languages, and perspectives of Aboriginal peoples, including, but not limited to:
- i. Increasing Aboriginal programming, including Aboriginal-language speakers.
 - ii. Increasing equitable access for Aboriginal peoples to jobs, leadership positions, and professional development opportunities within the organization.
 - iii. Continuing to provide dedicated news coverage and online public information resources on issues of concern to Aboriginal peoples and all Canadians,

including the history and legacy of residential schools and the reconciliation process.

85. We call upon the Aboriginal Peoples Television Network, as an independent non-profit broadcaster with programming by, for, and about Aboriginal peoples, to support reconciliation, including but not limited to:
 - i. Continuing to provide leadership in programming and organizational culture that reflects the diverse cultures, languages, and perspectives of Aboriginal peoples.
 - ii. Continuing to develop media initiatives that inform and educate the Canadian public, and connect Aboriginal and non-Aboriginal Canadians.
86. We call upon Canadian journalism programs and media schools to require education for all students on the history of Aboriginal peoples, including the history and legacy of residential schools, the *United Nations Declaration on the Rights of Indigenous Peoples*, Treaties and Aboriginal rights, Indigenous law, and Aboriginal-Crown relations.

SPORTS AND RECONCILIATION

87. We call upon all levels of government, in collaboration with Aboriginal peoples, sports halls of fame, and other relevant organizations, to provide public education that tells the national story of Aboriginal athletes in history.
88. We call upon all levels of government to take action to ensure long-term Aboriginal athlete development and growth, and continued support for the North American Indigenous Games, including funding to host the games and for provincial and territorial team preparation and travel.
89. We call upon the federal government to amend the Physical Activity and Sport Act to support reconciliation by ensuring that policies to promote physical activity as a fundamental element of health and well-being, reduce barriers to sports participation, increase the pursuit of excellence in sport, and build capacity in the Canadian sport system, are inclusive of Aboriginal peoples.
90. We call upon the federal government to ensure that national sports policies, programs, and initiatives are inclusive of Aboriginal peoples, including, but not limited to, establishing:
 - i. In collaboration with provincial and territorial governments, stable funding for, and access to, community sports programs that reflect the diverse

cultures and traditional sporting activities of Aboriginal peoples.

- ii. An elite athlete development program for Aboriginal athletes.
 - iii. Programs for coaches, trainers, and sports officials that are culturally relevant for Aboriginal peoples.
 - iv. Anti-racism awareness and training programs.
91. We call upon the officials and host countries of international sporting events such as the Olympics, Pan Am, and Commonwealth games to ensure that Indigenous peoples' territorial protocols are respected, and local Indigenous communities are engaged in all aspects of planning and participating in such events.

BUSINESS AND RECONCILIATION

92. We call upon the corporate sector in Canada to adopt the *United Nations Declaration on the Rights of Indigenous Peoples* as a reconciliation framework and to apply its principles, norms, and standards to corporate policy and core operational activities involving Indigenous peoples and their lands and resources. This would include, but not be limited to, the following:
 - i. Commit to meaningful consultation, building respectful relationships, and obtaining the free, prior, and informed consent of Indigenous peoples before proceeding with economic development projects.
 - ii. Ensure that Aboriginal peoples have equitable access to jobs, training, and education opportunities in the corporate sector, and that Aboriginal communities gain long-term sustainable benefits from economic development projects.
 - iii. Provide education for management and staff on the history of Aboriginal peoples, including the history and legacy of residential schools, the *United Nations Declaration on the Rights of Indigenous Peoples*, Treaties and Aboriginal rights, Indigenous law, and Aboriginal-Crown relations. This will require skills based training in intercultural competency, conflict resolution, human rights, and anti-racism.

NEWCOMERS TO CANADA

93. We call upon the federal government, in collaboration with the national Aboriginal organizations, to revise the information kit for newcomers to Canada and its citizenship test to reflect a more inclusive history of the diverse Aboriginal peoples of Canada, including

information about the Treaties and the history of residential schools.

94. We call upon the Government of Canada to replace the Oath of Citizenship with the following:

I swear (or affirm) that I will be faithful and bear true allegiance to Her Majesty Queen Elizabeth II, Queen of Canada, Her Heirs and Successors, and that I will faithfully observe the laws of Canada including Treaties with Indigenous Peoples, and fulfill my duties as a Canadian citizen.

Honouring the Land and Territory

Halton, as we know it today, is rich in the history and modern traditions of many First Nations and the Métis. From the lands of the Anishinabe to the Attawadaron, the Haudenosaunee, and the Métis, these lands surrounding the Great Lakes are steeped in Indigenous history. As we gather today on these treaty lands, our Catholic Social Teachings call us in Solidarity with our Indigenous brothers and sisters to honour and respect the four directions, lands, waters, plants, animals and ancestors that walked before us. All these wonderful elements of creation exist, gifted to us by our Creator God. We would like to acknowledge and thank the Mississauga's of the New Credit First Nation for sharing their traditional territory with us.

COMMENTS:

On November 9, 2015, the Ministry of Education announced that the Board was approved for both a 2015 Capital Allocation Grant for the construction of a new 671 pupil place school facility, and a 2015 Capital Funding for the construction of a new 88-space Child Care Centre attached to the school and managed by the Region of Halton.

As a result of the approval, a school attendance boundary review was initiated for the new North Oakville Preserve Catholic Elementary School, specifically the new development areas north of Dundas Street West. The proposed school attendance boundaries used to supplement the Capital Priorities Business Case submitted to and approved by the Ministry is attached as Appendix A.

On November 17, 2015, through Board Resolution #147/15, it was resolved:

RESOLVED, that the Halton Catholic District School Board direct staff to initiate a school attendance boundary review process for the new North Oakville Preserve Catholic Elementary School.

When developing the business case submission to the Ministry for the North Oakville Preserve Catholic Elementary School and in reviewing the potential school attendance boundary options, Board staff concluded that the only viable option would be to direct all existing residential areas and the new residential designated growth areas north of Dundas Street West to the North Oakville Preserve Catholic Elementary School.

On January 11, 2016, Board staff met with the Advisory School Boundary Review Committee (SBRC) at St. Mary Catholic Elementary School and presented the proposed option. Overall the committee was satisfied with the option presented, and discussed potential accommodations for senior students to remain at St. Mary as well as the logistics of the transition plan.

On January 13, 2016, the Board hosted a Community Information Meeting (CIM) at St. Mary Catholic Elementary School, where approximately 40 participants attended. At this meeting, community members were presented the context of the boundary review, as well as the proposed option, and were given the opportunity to provide their comments in an open question forum. It was also explained that there would be an opportunity to submit their comments and input through an online forum. This forum was available until January 28, 2016. A total of 24 online submissions were received and reviewed. The feedback collected at the CIM and through the online forum are posted on the Board's website.

On February 8, 2016, the Advisory SBRC met at St. Mary Catholic Elementary School. Three (3) of the four (4) advisory committee members were in attendance. Staff presented to the Advisory SBRC the community feedback. Following the presentation, members were asked to review the community input, and develop a recommendation(s).

The North Oakville Preserve Catholic Elementary School Boundary Review Advisory Committee recommends that the presented option be adopted effective the 2016-17 school year with the following additional considerations:

- I. That the proposed boundary be implemented for the 2016-2017 school year, whereby these changes shall have the effect of altering existing attendance areas by: re-directing patches V23 and V24 from St. Mary Catholic Elementary School to the new North Oakville Preserve Catholic Elementary School.
- II. That all Grade 7 students, currently enrolled in the 2015-2016 school year, be offered the option (grandfathered) to remain at their home school until they graduate to the secondary panel.

Furthermore, siblings of grandfathered students will not be given the option to be grandfathered to remain at St. Mary Catholic Elementary School.

Board staff has reviewed the recommendation, and agrees with the Advisory Committee's recommendation to pursue the boundary change with the additional considerations.

In addition to the recommendation of the Advisory Committee's recommendation, staff would also recommend to conduct a housekeeping task of subdividing patches P30, V23, and V24 into sub-patches at this time (displayed in Appendix B) to facilitate all future boundary reviews in the North Oakville Secondary Plan area as new schools are introduced. These patches were created in dividing geographic areas using proposed communities as a dividing line. The table below summarizes the proposed subdivisions:

| Original Patch | New Patches |
|----------------|--|
| P30 | P30A, P30B, P30C, P30D, P30E |
| V24 | V24A, V24B, V24C, V24D, V24E, V24F, V24G, V24H, V24I, V24J, V24K |
| V23 | V23A, V23B, V23C, V23D, V23E, V23F, V23G, V23H, V23I, V23J, V23K, V23L, V23M |

The current step in the process is for the Board to:

- To receive and consider delegations from the community at the March 1, 2016, Regular Meeting of the Board;
- To review the recommendations provided by the Advisory Committee and supported by senior staff for the new 2016/17 school attendance boundaries the two (2) affected Georgetown Elementary Schools, to be implemented for the 2016-17 academic year; and,
- To render a decision on the matter based on the information presented.

CONCLUSION:

Board staff has reviewed the Advisory Committee's recommendation, and agrees with the recommendation to implement the attendance boundaries as presented with the associated considerations.

ITEM 8.3

HOLY ROSARY CATHOLIC ELEMENTARY SCHOOL, MILTON

KINDERGARTEN AND CLASSROOMS ADDITION PROJECT

PURPOSE:

To update the Board on the Holy Rosary Catholic Elementary School, Milton Kindergarten and Classrooms Addition Project which was previously approved by the Board on March 4, 2014.

BACKGROUND INFORMATION:

The Board approved the Holy Rosary Catholic Elementary School, Milton Kindergarten and Classrooms Addition Project at its March 4, 2014 Regular Meeting of the Board. Subsequently, the Ministry approved the Kindergarten portion of the project but did not approve all the proposed additional classrooms. Therefore, the project was deferred until funding for the entire project was received from the Ministry. On November 9, 2015 the Ministry approved funding for the entire project, and thus we are now able to proceed with the Holy Rosary School Kindergarten and Classrooms Addition Project. See Appendix "A".

For additional information, Trustees are referred to Action Report Item 8.2 of the March 4, 2014 Regular Meeting of the Board and Staff Report Item 9.2 from the February 18, 2014 Regular Meeting of the Board.

COMMENTS:

The current kindergarten classrooms at Holy Rosary School are located at the northwest corner of the school building. The building and site layout of the school and the direction from academic staff to locate the Kindergarten Classrooms within close proximity to each other will require the conversion of the three classrooms nearest to the existing kindergarten classrooms into two new Kindergarten classrooms. Two of these classrooms are regular classrooms and the other classroom is the Special Education classroom. These three classrooms will be replaced with three new classrooms to be included in the new addition at the southwest corner of the school building. The proposed addition is a simple "plug-in" section to the existing building which will be cost effective and mitigate school disruptions during construction. To access the new classroom addition, alterations to a classroom at the southwest corner of the school building will be required to extend the corridor to the new addition. The proposed Kindergarten Classroom addition and alteration work allows for a cost effective second storey to be included on the new southwest classroom addition. The inclusion of a second storey of classrooms above the replacement classrooms will result in a net addition of four (4) regular classrooms on the second floor of the addition. These four new classrooms will provide additional student capacity to accommodate student enrolment growth. The Architect has prepared the preliminary site plan, floor plan drawings and schedule for the Holy Rosary School Kindergarten and Classrooms Addition Project. See Appendix "B".

The proposed project construction schedule as prepared by the Architect indicates the two new Kindergarten Classrooms will be completed by September 2016 and the two storey southwest classroom addition by the end of December 2016, provided that all approvals and permits are received and construction work commences by July 4, 2016. Although completion for the end of December 2016 is forecast by the Architect, Board staff are not as optimistic that the two storey southwest classroom addition portion of the project will be completed by that time. Additional time may be required to complete the construction work due to the complexity of the school addition or to mitigate disruption to student learning and school operations during the construction period. In the event there are project approval delays and/or construction delays it is likely that the project may not be completed until March 2017.

The preliminary cost estimate for the Holy Rosary Catholic Elementary School Kindergarten and Classrooms Addition Project is \$5,075,000. See Appendix "C". The majority of this estimated project cost is for the Kindergarten portion of the project, and is funded by a Ministry FDK allocation of \$3,275,000. The estimated incremental cost to construct the second floor classrooms is \$1,800,000. This portion of the project cost will be funded by the remaining approved school capital priorities allocation from the Queen of Heaven, St. Anne, and St. Benedict School Capital Projects.

The Preliminary Project Budget breakdown and funding sources for the Project will be updated once the competitive construction tenders for the project are received. Please note that funding for furniture and equipment is not included in this Project. Surplus furniture and equipment from other schools will be utilized and any additional furniture and equipment, if required, will be provided through the regular replacement furniture and equipment operating budget.

Approval of a Borrowing By-Law in the amount of \$5,075,000 will be required to finance the Holy Rosary School Kindergarten and Classrooms Addition Project until debenture financing is in place once the project is completed. See Appendix "D".

Since this project was previously approved by the Board on March 14, 2014, the Ministry has approved additional school capital priorities funding for the project, and the project cost estimate has been revised. Subsequently, there is some housekeeping required to rescind,

- **Board Resolution #44/14**
Resolved, that the Halton Catholic District School Board approve a Preliminary Construction Project Budget not to exceed \$4,955,000 for the Full Day early Learning Kindergarten Classrooms Addition and Alteration Project at Holy Rosary Catholic Elementary School, Milton, and
- **Board Resolution #45/14**
Resolved, that the Halton Catholic District School Board approve Borrowing By-Law No. 2014 F04 in the amount of Three Million, Two Hundred and Seventy Five Thousand Dollars (\$3,275,000) to finance the Preliminary Construction Project for the Full Day Early Learning Kindergarten Classrooms Addition and Alteration Project at Holy Rosary Catholic Elementary School, Milton.

These two resolutions will be replaced with two updated resolutions for the Holy Rosary Catholic Elementary School Kindergarten and Classrooms Addition Project as presented in the recommendations below.

CONCLUSION:

The Board received School Priorities Capital Approval funding to construct the Kindergarten and Classrooms Addition at Holy Rosary Catholic Elementary School, Milton on November 9, 2015.

The new Kindergarten classroom facilities are expected to be ready for September 2016 occupancy while the new addition section is expected to be ready for occupancy by March 2017.

Furniture and equipment is not included as part of this project. Surplus furniture and equipment from other schools will be utilized and new furniture and equipment, if required, will be provided through the regular replacement furniture and equipment operating budget.

The preliminary project budget estimate for the Holy Rosary Kindergarten and Classrooms Addition Project is \$5,075,000, and will be funded by the Ministry. Once the construction tenders are received, the Preliminary Project Budget estimates will be updated accordingly.

Dear Ms. Dawson,

I am writing to inform you that the Ministry of Education has completed a detailed review of the business cases that each school board submitted for consideration under the 2015 Capital Priorities Grant program.

As outlined in **Memorandum 2015:B12 – Request for 2015 Capital Priorities Business Cases**, school boards were asked to submit up to eight business cases to the ministry by July 15, 2015. Forty-nine school boards submitted 220 school construction projects, worth approximately \$2.7 billion. Projects were assessed based upon factors such as the need to address accommodation pressures, increase utilization through school consolidation, improve facility condition or accommodate French-language enrolment in a cost effective manner.

In addition to school construction related projects, school boards were also asked to submit school-based child care construction projects under this round of the Capital Priorities Grant program. Eligible projects for consideration were either requests for the inclusion of child care as part of a school project business case, or as a stand-alone submission as an addition to an existing school.

The child care capital projects are being funded through the \$120 million that was announced in **Memorandum 2015:B11 – Capital Funding for New Construction of Child Care**. In total, the ministry received 145 requests from 42 school boards for child care capital funding, totaling more than \$200 million.

As noted in **Memorandum 2015:B11**, the ministry used the following criteria to assess and prioritize eligible projects:

- Child care replacement due to school closure/accommodation review;
- Age groupings (infant rooms a priority);
- Accommodation pressures/service gaps; and
- Cost effectiveness/viability.

A listing of province-wide approved capital and child care projects has been posted on the ministry's website: <http://www.edu.gov.on.ca/eng/parents/capital.html>

After careful review of your board's submissions, I am pleased to confirm that the ministry has approved funding to support 2 capital priority projects identified by your board. In total, your board will be allocated \$15.92M to undertake these projects - \$12.14M in new 2015 CPG funding, \$1.26M in Full Day Kindergarten funding, \$2.52M in Child Care Capital funding. Your board has requested to self fund the Holy Rosary project using the board's existing build capacity and FDK allocation totaling \$5.1M.

In recognition of the increase in construction costs, the ministry has increased its funding benchmarks by 2 percent and is reflected in the funding for this round of capital approvals. This increase does not apply to any previously approved projects.

Please be aware that the ministry has funding available to address costs related to site acquisition, preparation and/or demolition and will consider providing additional funding to the board based on the submission of a detailed estimate of these costs.

Please note this funding is conditional upon amendments to the 2015-16 Grants for Student Needs (GSN) regulation by the Lieutenant Governor in Council.

Appendices

Appendix A provides a complete list of the Capital Priorities requests submitted by your board along with ministry responses outlining our rationale for projects that did not receive funding approval. Appendix B provides a complete list of the Child Care Capital requests submitted by your board along with ministry responses outlining our rationale for projects that did not receive funding approval.

Should your school board and municipal partners continue to see the projects that did not receive funding approval as a priority, you may submit them during future rounds of Capital Priorities Grant and School Consolidation Capital programs.

Appendix C provides the details of the approved projects and details on the funding allocations. The ministry's decision to approve these projects was based upon the needs identified in your school board's business cases and, in the case of child care capital projects, the affirmation letter jointly submitted by your school board and business partner. If the board chooses to address these projects with a project other than the project outlined in the board's capital priority business case or the affirmation letter, the board must receive the ministry's approval prior to retaining an architect. In some cases this may require the board to forfeit their project approval and resubmit their request in the next round of capital priorities. In addition, any changes to projects related to approved Child Care Capital will require municipal approval.

Payment

The Capital Priorities Grant program (CPG) operates on a modified grant payment process, where cash flow is based on school board spending. There are two annual CPG reporting periods:

- For the period of September 1 to March 31, CPG expenditures are recorded in the board's March Report; and
- For the period of April 1 to August 31, CPG expenditures are recorded in the board's financial statements.

School boards will also be funded for the short-term interest costs related to these capital programs reflecting that cash flows will occur on a semi-annual basis. The short-term interest payments will be calculated in a manner similar to how they have been calculated for other eligible capital programs.

School boards should continue to report any new capital projects that have received a funding allocation/approval in the Inventory Data section of the ministry's School Facilities Information System (SFIS).

Board Responsibilities

Your board is responsible and will be held accountable for implementing appropriate measures to ensure that the cost and scope for these projects are within the approved funding amounts and does not exceed the ministry's funding benchmarks. The FDK funding allocation you have received for these projects can only be used to address the capital costs related to the implementation of FDK. Similarly, the new construction of child care capital funding allocation you have received can only be used to address capital costs related to the implementation of new construction of child care for each approved project.

Communication Protocols

All public announcements regarding major capital investments funded through the Capital Priorities, School Consolidation or Child Care Capital programs, should be considered joint communication opportunities for the provincial government and the district school board.

As such, you must not issue a news release or any other public communication regarding Capital Priorities, School Consolidation Capital or Child Care Capital projects unilaterally, unless agreed to by the Ministry of Education or a representative from the Government of Ontario.

For all public communications opportunities, you must invite the Minister of Education to your local event by emailing Minister.EDU@ontario.ca with at least three weeks advance notice.

This includes announcements related to the awarding of project funding provided in the current and previous years, as well as all future milestone events for the funded project (e.g., ribbon-cutting, ground-breaking, school opening).

If the Minister of Education is unavailable, the Minister's Office will inquire with your local Member of Provincial Parliament (MPP) to determine whether they are available to jointly announce the new projects in your city/region at an upcoming event.

If he/she is available, their office will contact you to make arrangements in a timely manner. If he/she is unavailable, the Minister's Office, or a ministry representative, will inform you that your school board can proceed with an event in the absence of a government representative.

You must acknowledge the support of the Government of Ontario in communications of any kind, written or oral, relating to the agreement or the project. This could include but is not limited to, any report, announcement, speech, advertisement, publicity, promotional material, brochure, audio-visual material, web communications or any other public communications.

Should you have any communications-related questions, please contact Ryan Rigby at (416) 325-2540 or via email at Ryan.Rigby@ontario.ca.

We would like to take this opportunity to thank you and your staff for your assistance and support throughout this process, and look forward to continuing to work with your board.

Should you have any questions regarding the capital priorities approval, please contact your Capital Analyst, Diamond Tsui at Diamond.Tsui@ontario.ca or (416) 325-2017. For any questions related to the child care capital approvals and/or requests, please contact your Education Officer, Dolores Cascone at Dolores.Cascone@ontario.ca or (416) 314-6300.

Sincerely

Gabriel F. Sékaly

By-Law No. 2016 F02

WHEREAS, the Halton Catholic District School Board deems it necessary to extend the borrowing By-law 2016 F02 in an amount not exceeding the sum of Five Million, and Seventy Five Thousand Dollars (\$5,075,000) to provide permanent funding for *Kindergarten (FDK) Program and Classrooms Addition for Holy Rosary Catholic Elementary School* until the amounts advanced are recovered.

AND WHEREAS, no debentures in respect of the said work have been pledged or otherwise disposed of.

NOW THEREFORE, the Halton Catholic District School Board enacts as follows:

1. **THAT** either the Chair of the Board or Vice Chair of the Board together with the Secretary of the Board or Treasurer of the Board, of the Halton Catholic District School Board be and they are hereby authorized and empowered to borrow on behalf of the Halton Catholic District School Board from time to time as may be required from TD Canada Trust by way of promissory note and/or by way of overdraft such sums as may be necessary, but not exceeding in all the sum of Three Million, Two Hundred and Seventy Five Thousand Dollars (\$5,075,000).
2. **THAT** either the Chair of the Board or Vice Chair of the Board together with the Secretary of the Board or Treasurer of the Board, are authorized to pay or allow the said Bank interest on the said sum so borrowed at 1.95%, or the rate in effect on March 10, 2016 as notified by the Bank.
3. **THAT** either the Chair of the Board or Vice Chair of the Board together with the Secretary of the Board or Treasurer of the Board, be authorized and empowered on behalf of the Halton Catholic District School Board to sign and execute under, its corporate seal, a grid promissory note and/or cheques representing any sum or sums so borrowed and deliver the said note to the said Bank. Any cheques signed by either the Chair of the Board or Vice-Chair of the Board together with the Treasurer of the Board and presented for payment at a time when there are not, in the hands of the Bank, funds of the Halton Catholic District School Board, the amount of such cheques shall be deemed to be moneys loaned by the said Bank to the Halton Catholic District School Board upon the authority of this By-Law.
4. **THAT** the proceeds of every such loan shall be applied for the purposes above mentioned but the TD Canada Trust shall not be bound to see to the application of any loan.
5. **THAT** this By-Law shall come into force and have effect immediately from and after its passing for a period of two years.

READ and FINALLY PASSED this **10th** of **March 2016**.

STAFF REPORT

ITEM 9.1

PROPOSED 2016 FACILITY RENEWAL PROJECTS

PURPOSE:

To introduce the proposed 2016 Facility Renewal Projects.

BACKGROUND INFORMATION:

Staff presented the Learning Environment Enhancement Program (LEEP) as Information Report Item 10.3 at the January 5, 2016 Regular Meeting of the Board. The goal of the LEEP is to upgrade the Board's existing school facilities so that all schools offer equitable learning conditions and opportunities for students. In addition to the enhancement of the Board's learning environment, school facilities require ongoing renewal to maintain the quality of the Board's current learning spaces. For 2016, four major renewal areas need to be addressed and include the following:

- **Energy Efficient Lighting Systems** – The current fluorescent lighting systems in certain schools are nearing the end of their useful life cycle and will be upgraded to a more energy efficient LED lighting system, which will include control and monitoring capabilities. LED lighting systems are approximately 30% more cost efficient than traditional fluorescent lighting. LED lighting combined with a full lighting controls package, including daylight sensors and central monitoring, can further optimize the efficiency of a school's lighting system. The energy savings from LED lighting systems will directly result in operational cost savings for hydro-electric expenditures.
- **Mechanical System** - Heating, ventilating and air-conditioning (HVAC) systems are a vital component to a school's learning environment. A number of HVAC systems throughout the Board are nearing the end of their useful life cycle, and consequently, a number of new mechanical components require replacement to maintain a proper indoor environment for staff and students. Wherever possible, the new HVAC systems will be upgraded with more energy efficient equipment to help reduce operating expenses.
- **Roof Replacement** – A weather-tight roofing system is an integral component of a school building to ensure a safe indoor environment that supports learning. Water infiltration through a roof can lead to extensive structural damage to a school building and potentially result in mold issues. A full assessment of the Board's facilities roofing systems has been completed, and the consultant's recommendations will be considered in identifying roof replacement projects.
- **School Refresh** - The Board has many schools which were constructed pre-2000 that now appear dated with many wear and tear items that need to be addressed as they near the end of their useful lifecycles. School Refresh projects seek to update building components to bring the school up to the Board's latest building standards. Exterior doors, lockers, washroom partitions, wall tiles, flooring, stair treads, painting, asphalt, concrete and cladding repairs are some of the items captured by school refresh projects. The scope of the school refresh work at each school will be determined based on the individual needs of the school/site.

COMMENTS:

Board staff has identified a number of facility renewal projects that need to be completed in 2016. The table below summarizes the renewal projects to be completed in 2016, and indicates the corresponding school location where the work will be completed. A description of the respective facility renewal projects at each identified school can also be found below.

Please note, that other facility renewal needs may arise during the remainder of the school year which may require attention in 2016. If there is a significant facility renewal project, it will be presented to the Board at a later date for approval.

| Sub Total | \$ 6,725,000 |
| Contingency (10%) | \$ 675,000 |
| Total | \$ 7,400,000 |

Holy Rosary Catholic Elementary School, Burlington:

- The current fluorescent lighting system at the school has exceeded its projected life span, which is resulting in higher maintenance repair costs as ballasts fail and need replacing. The lighting system will be replaced with an LED lighting system that is more energy efficient and will reduce maintenance costs and hydro-electric consumption.
- The rooftop HVAC units have reached the end of their useful lifespan and will be replaced with more energy efficient and reliable equipment. If the current HVAC units were to remain, there is a significant risk that any of the units could fail, resulting in a section of the school building being without proper ventilation, heating or air-conditioning for an extended period of time since these particular type of HVAC units are not stock items and would have to be custom manufactured.
- The majority of the current roof, installed in 1992, has surpassed its rated lifespan of 20 years. Without replacement of these roofing sections, maintenance costs will increase for both the roofing system and the resulting damage to the interior building spaces due to roof leakage.

- Many wear and tear items throughout the school are at the point where they need to be repaired or replaced. A school refresh will upgrade both the interior and exterior components of the school site. The exterior upgrades will consist of painting of flashing and window frames, and the replacement of the front entrance asphalt. The interior upgrades will include the painting of common areas, installation of wall tiles and new toilet partitions in the student washrooms.

Mother Teresa Catholic Elementary School:

- The chiller that supplies cooling to the entire school installed in 1999 can no longer operate on a consistent basis and it cannot be repaired. The chiller must be frequently reset during the cooling season and the unit struggles to maintain the cooling load on days that require high amounts of cooling. A new replacement chiller unit will also be more energy efficient, resulting in hydro-electric savings.

Our Lady of Peace Catholic Elementary School:

- The current fluorescent lighting system at the school has exceeded its projected life span, which is resulting in higher maintenance repair costs as ballasts fail and need replacing. The lighting system will be replaced with an LED lighting system that is more energy efficient and will reduce maintenance costs and hydro-electric consumption.
- The schools heat pumps that supply heating and cooling to the individual rooms were installed in 1993, and have surpassed their 20 year expected life span. Each year more of these units fail creating uncomfortable learning spaces until repairs can be made. Replacement heat pump units are custom ordered and can take several weeks to be manufactured and delivered. Replacing all of the heat pump units that have exceeded their life expectancy will allow the Board to take advantage of economy of scale pricing and prevent future extended disruptions to the learning environment.
- The current boiler, installed in 1993, has surpassed its expected life span and is in need of replacement. The single boiler system will be replaced with two boilers to meet current standards, which protects the school in the event that one of the boilers fails.
- Many wear and tear items throughout the school are at the point where they need to be repaired or replaced. A school refresh will upgrade both the interior and exterior components of the school site. The exterior upgrades will consist of painting of flashing and window frames, and the replacement of deteriorated asphalt at the front of the building and the south parking lot. Interior work will include the painting of common areas, replacing the old corroded lockers, installation of wall tiles and new toilet partitions in the student washrooms. The ceiling tiles will also be replaced in areas where the heat pump units in the ceiling are being replaced.

Sacred Heart of Jesus Catholic Elementary School:

- The chiller that supplies cooling to the entire school was installed in 1999, and can currently only run at half capacity and it cannot be repaired. A new replacement chiller unit will also be more energy efficient, resulting in hydro-electric savings.

St. Andrew Catholic Elementary School:

- The chiller that supplies cooling to the entire school was installed in 1999, and can currently only run at half capacity and it cannot be repaired. A new replacement chiller unit will also be more energy efficient, resulting in hydro-electric savings.

St. Bernadette Catholic Elementary School:

- The schools heat pumps that supply heating and cooling to the individual rooms were installed in 1992, and have surpassed their 20 year expected life span. Each year more of these units fail creating uncomfortable learning spaces until repairs can be made. Replacement heat pump units are custom ordered and can take several weeks to be manufactured and delivered. Replacing all of the heat pump units that have exceeded their life expectancy will allow the Board to take advantage of economy of scale pricing and prevent future extended disruptions to the learning environment.

St. Vincent Catholic Elementary School:

- The current fluorescent lighting system at the school has exceeded its projected life span, which is resulting in higher maintenance repair costs as ballasts fail and need replacing. The lighting system will be replaced with an LED lighting system which is more energy efficient and will reduce maintenance costs and hydro-electric consumption.
- The school's boilers were installed in 1991, have surpassed their expected life span and are in need of replacement. The current boilers need to be replaced with modern, high efficiency boilers to help reduce maintenance and energy costs. In addition, the make-up air unit, installed in 1991, and serves the gym and change room areas needs to be replaced.
- The majority of the current roof was installed in 1994, and has surpassed its rated lifespan of 20 years. Without replacement of these roofing sections, maintenance costs will increase for both the roofing system and the resulting damage to the interior building spaces due to roof leakage.
- Many wear and tear items throughout the school are at the point where they need to be repaired or replaced. A school refresh will upgrade both the interior and exterior components of the school site. The exterior upgrades will consist of painting of flashing and window frames, and the replacement of the entire asphalt area. Interior work will include the painting of common areas, installation of wall tiles and new toilet partitions in the student washrooms.

Staff are at various stages of completing the scope of work and the tendering process for the above noted 2016 Facility Renewal Projects. It is anticipated that an updated report will be presented to Trustees by the second Board Meeting in April.

FUNDING:

The Board currently has sufficient funds to finance the 2016 Facility Renewal Projects through the various capital funding available either in deferred revenues or reserves. The Board currently has approximately \$12.3 million available to fund future school renewal projects. Upon completion of the 2016 Facility Renewal Projects, the total funds available for future school renewal projects will be approximately \$4.9 million. Furthermore, an estimated \$3.75 million is expected to be allocated to the Board for facility renewal projects by the Ministry as part of 2016-17 school year grants. This will bring the available funding balance for future renewal projects, after September 2016, to approximately \$8.65 million.

CONCLUSION:

Staff has identified a number of Facility Renewal Projects that need to be completed in 2016. The estimated preliminary budget for the proposed 2016 Facility Renewal Projects is \$7,400,000. Staff is in the process of preparing these projects for competitive construction tenders. It is anticipated that an updated report regarding the 2016 Facility Renewal Projects will be presented to Trustees by the second Board Meeting in April. Funding to complete the 2016 Projects is allocated from available capital funding in various deferred revenues or reserves.

Halton Catholic District School Board

2016

Louise Ellis BHA RN COHN
Director Attendance Support Services

School Boards' Co-operative Inc.

1994 - Not for profit co-operative established in 1994 by a number of Ontario school boards to provide advice and guidance on workers' compensation issues.

Currently providing services to the majority of Ontario's school boards:

- WSIB and associated Health & Safety services
- Financial analysis of disability benefits including sick leave utilization studies
- Actuarial liability calculations for WSIB benefits, accumulated sick leave credits, retirement gratuities and post-retirement benefit
- Attendance Support Services – assisting to drive down employee absence-related costs across the entire employee experience (from employee wellness to long term disability benefits)

SBCI Absence Study

2013: SBCI identified school boards require consistent and comprehensive sick leave analyses to understand:

- The volume and costs of paid and unpaid sick leave absences (including personal illness/injury and medical appointments)
- Employees' absence behaviour under the new sick leave plan and associated Memorandum of Understanding (MOU)
- The performance of absence management programs

Absence Study in 2016:

- 54 school boards participating and funding the study
- 5 school years 2010 to 2015

SBCI Absence Study

- As a result of the 2012-2014 Memorandum of Understanding which introduced a new sick leave plan, the Ministry urged boards to track sick leave utilization and costs
- 54 school boards chose to embark in SBCI's absence study, covering years 2010-11 to 2014-15
- Results of the sick leave study and sector benchmarks were provided to all participating boards
 - *2011-12 transition year in which changes in absence behaviour may be noted*
 - *In 2012-13 plan changes were formalized and fully implemented.*
 - *In 2013-14 and 2014-15, the full impact of sick leave changes is revealed.*
- SBCI conducted absence analysis to the Ministry up to school year 2012-13.

Benchmarking

- The magnitude of absences throughout the Ontario school board sector is higher than other industries.
- The Absence Study reveals that school boards are spending an estimated 3.4 to 6.9 % of their payroll on Salary Continuation/Sick Leave (direct costs only) in the 2013-14 school year.
- In comparison, a recent North American study shows that Canadian organizations report direct Short-Term Disability costs of approximately 1.5% - 2.9% of payroll.*
- The more than double utilization trend in the education sector may very well be due to the current plan design and the restrictive language in the collective agreements

Cost Containment Strategies

Only 2 ways to reduce absence – related costs

- 1) Reduce the # of times, people are off work
(addressed with Attendance Support Program)
- 2) Reduce the duration of time, people are off work
(addressed with Disability Management Program)

HCDSB has implemented and maintained both programs, in a consistent fashion over the last number of years.

Cost Containment Strategies

- School boards are managing absence durations with some success using non-medical functional abilities forms (FAF)

However the following trends are reported:

- Escalating complexity of absences (multi-diagnoses)
- Increasing mental health related absences
- Return-to-Work (RTW) abilities are difficult to understand and accommodate when they are coming from multiple diagnoses
- Community based health care professionals are not return to work experts (nor do they want to be)

Enhanced Absence Management Strategies

SBCI-Oncidium Assessment/Case Management Services provide enhanced Disability Management through:

- Access to all medical info including multiple diagnoses leading to holistic case management and return to work facilitation.
- The support continues through to full absence resolution

Next Steps

Collective Agreements

- Acknowledge change in the plan structure and the extension of Sick Leave Plan
- Clarify how more progressive action may be applied

Funding for Change

- Updates to Ministry to clarify absence rate and cost trends
- Lobby the Ministry to fund more progressive action

Both issues are the foundation of a Provincial Advisory/Pilot Workgroup of School Boards currently under development with SBCI. HCDSB will be participating.

Next Steps

OCSTA Resolution 14-15 – Support for Boards to Address High Rates of Employee Absenteeism

OCSTA petition the Ministry of Education to review the increased cost effects of this change in sick leave provisions, and to assist Boards in building capacity with implementing successful attendance management/support plans.

Provincial Funding Update

Achieving Believing Belonging

Provincial Context

- ❑ Provincial Fiscal Outlook – eliminate provincial deficit by 2017-18
 - Provincial Pre-Budget consultations completed, Provincial Budget is expected to be passed February 25, 2016
- ❑ Grants for Student Needs (GSN) expected to be released by end of March 2016
 - Continued focus on making more efficient use of school space
 - Ministry advised school boards to plan for further reductions in revenue
- ❑ Technical Working Group on Benefits (TWGB) working on the creation of province-wide benefit plans
 - Plans to be in place for all union groups by August 31, 2017
 - Discussions continue on the “Orphaned Benefit Plan” for non-union employees
 - 2016-17 will be a transition period, impact on funding still to be determined
- ❑ Memorandums of Settlement ratified provincially for all employee groups, with local bargaining currently being completed
 - New collective agreements will expire August 30, 2017

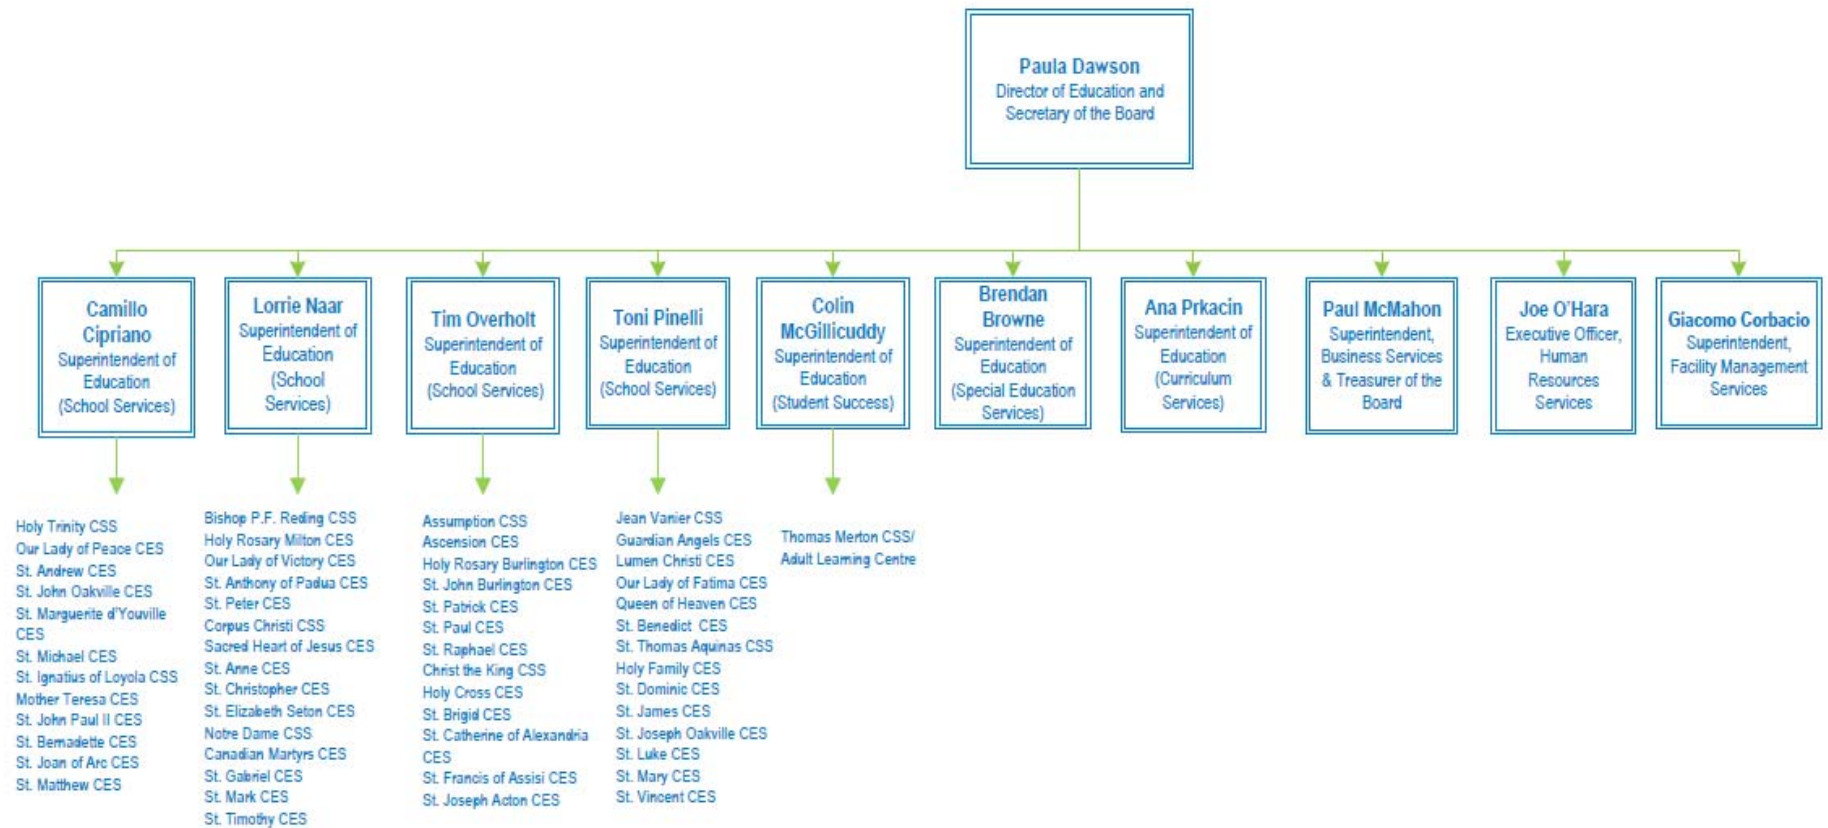

Provincial Context (continued)

- ❑ As a result of the Capital Advisory Committee, the Ministry has released the new:
 - Pupil Accommodation Review Guideline; and
 - Community Planning and Partnerships Guideline
- ❑ School Consolidation Capital (SCC) Program
 - A new, four-year, \$750 million program has been established
 - New capital funding to be allocated on a business-case basis for projects that support consolidations through new school construction, retrofits, and additions
- ❑ School Condition Improvement Funding
 - An investment of \$500 million per year for two years allocated to school boards based on the Condition Assessment program; funding is meant to be spent primarily on building components
- ❑ Capital Priorities Funding
 - Limited provincial funding for capital priorities projects, meant to cover mostly new capital

2016-17 Budget Process Update

- ❑ Departmental budgets are currently being analyzed, due March 4, 2016
 - Starting point is at the 2015-16 Revised Estimates balance
- ❑ Budget priorities and challenges discussed regularly at Administrative Council meetings
 - Focusing both on activities that would increase enrolment / revenues and decrease costs
- ❑ Next steps:
 - GSN release expected at the end of March, 2016, outlining the projected provincial allocation for our board (revenues)
 - Salary and benefits budget will be developed in April
 - First draft budget report to be completed in May 2017
 - Trustees will be presented with a draft budget, containing a list of new initiatives / cost savings initiatives for input

2016-17 Budget Challenges and Priorities

Achieving Believing Belonging

I. 2016-17 Budget Challenges and Priorities *(Board Report – Feb 2, 2016, Revised)*

Listed in Alphabetical order

- | | |
|--|--|
| a) Employee Benefits Costs (Ranked #2) | f) Information Technology (Ranked #8) |
| b) Enrolment Trends (Ranked #4) | g) Labour Negotiations (Ranked #6) |
| c) Facilities – renewal needs (Ranked #5) | h) Shared Services (Ranked #10) |
| d) Faith Formation Costs (Ranked #9) | i) Sick Leave Costs (Ranked #1) |
| e) French Immersion Program (new addition to the list) (Ranked #7) | j) Special Education Costs (Ranked #3) |

I. 2016-17 Budget Challenges and Priorities (Continued)

- ❑ In review each budget pressure area, consider the following questions:
 - Why is this area a budget pressure?
 - What is the approximate amount of shortfall that this pressure creates?
 - Is this a short-term or long-term pressure?

I. a) - Employee Benefits Costs (#2)

- ❑ Why is this a Budget Challenge?
 - Insured benefits costs continue to increase each year
 - Benefit plans are part of the collective agreements
 - Ministry funding has not increased to keep up with increasing costs
- ❑ Insured benefits increased from \$17 million in 2012-13 to \$20.3 million in 2014-15, and represent 5.5% of the entire Board budget
 - Currently there is a transition to Provincial Benefit Plans (Employee Life & Health Trusts or ELHT), to take effect during 2016-17
 - Discussions continue on the “Orphaned Benefit Plan” for non-union employees
- ❑ This is a long term issue
 - Boards will remit payments to fully fund the ELHT plans at an average provincial rate; however who will bear the current funding gap and whether the 4% annual increase will be reflected in the GSN, remains to be determined

I. b) - Enrolment Trends (#4)

❑ Why is this a budget pressure?

- We have schools that are decreasing in enrolment, and Ministry reduced funding for schools with underutilized space (\$1.3 million in reduced funding over 3 years)
 - Overall elementary enrolment has been increasing 1-3% for the past 3 years (22,125 projected headcount as of Oct. 31, 2016 vs. 21,914 at Oct. 31, 2015 vs. 21,697 at Oct. 31 2014)
 - There are however, areas of enrolment decline, particularly in South Burlington and South Oakville
 - School administration costs per pupil for smaller schools is increasing, and leads to inefficient staffing
 - School operations costs for older schools are higher than for a newer, more efficient facility
 - 12 of 45 elementary schools are currently at or below 300 (up from 10 in prior year)

❑ Steady overall enrolment growth forecasted (251.0 ADE, mostly as a result of growth in Milton and North Oakville)

- Projected enrolment increase expected as follows: 194.0 ADE for Grades JK – 8 and 57.0 ADE in Secondary
- In an effort to provide better programs and ultimately improve student achievement, consideration of all pupil accommodation review projects is required
- Ministry is providing additional funding to promote more efficient use of school space and to assist school boards with school closures and consolidations projects

I. c) – Facilities (#5)

❑ Why is this a budget challenge?

- Deferred maintenance has been used to balance the budget in the past
- As facilities age, maintenance costs increase, and so do school renewal investments
- Community use cost recovery revenues of \$1 million, meant to be transferred into the capital reserve for use on school renewal, usually gets transferred to revenues to balance the budget
- Phasing out of top-up funding will result in \$1.3 million lost revenue over 3 years (starting in 2015-16)
- Increasing utilities costs outweigh the increase in funding received

❑ This is expected to be a long-term issue

- Has usually been an area that the Board looks at to balance the budget, this is no longer sustainable
- For 2015-16, the School Operations Allocation is \$30.7 million; however, the Facilities' Operating budget was reduced to \$29.6 million (\$19.7 million in operating costs and \$9.9 million in salaries and benefits); in other words, \$1.1 million of the School Operations Allocation was diverted to cover other budget overages
- Opportunity to receive Ministry funding to assist with school closures and consolidations projects, and achieve significant annual operating savings

I. d) - Faith Formation (#9)

- ☐ Why is this a budget challenge?
 - No direct funding for faith initiatives
- ☐ Total investment in Faith Formation for 2014-15 amounts to \$1.2 million, as follows:
 - Salary and benefits (chaplains and chaplain leader) \$936,000
 - Central Faith Formation budget \$164,000
 - Religious professional development budget \$50,000
 - Schools Adult Faith Formation budget \$48,000
- ☐ This is a long-term issue
 - Funding for faith formation is not expected

I. e) - French Immersion Programs (#7)

❑ Why is this a budget pressure?

- Mandate from the Board to broaden range of programming offered
- No Ministry funding to cover transportation for optional programs
- Incremental program costs exceed additional funding received
- Challenge to recruit sufficient qualified teachers

❑ Early French Immersion Program

| | | |
|---|-------------|--------------------|
| – Revenue: | | \$178,437 |
| – Total Costs: | | (\$661,631) |
| • Material Costs: | (\$135,000) | |
| • Additional Primary Class Size Staffing: | (\$200,000) | |
| • Transportation Costs: | (\$326,631) | |
| – Shortfall: | | (\$483,194) |

❑ Extended French Immersion Program

| | | |
|-------------------------------------|-------------|--------------------|
| – Revenue: | | \$626,000 |
| – Total Costs: | | (\$976,000) |
| • <i>Material Costs:</i> | (\$14,000) | |
| • <i>School Budgets:</i> | (\$42,000) | |
| • <i>Additional Teaching Staff:</i> | (\$440,000) | |
| • <i>Transp. Costs:</i> | (\$480,000) | |
| – Shortfall: | | (\$350,000) |

I. f) - Information Technology (#8)

❑ Why is this a budget pressure?

- A strong migration to cloud service solutions among technology vendors has created new monthly and yearly software subscriptions
- The number of connected devices in schools continues to grow, accordingly, the need for technical support has never been stronger

❑ Building capacity for network infrastructure is an ongoing challenge.

- Increasing online student curriculum increases the demand for high-speed access and more bandwidth
- All infrastructure must be part of a rolling multi-year upgrade strategy
- Adequate onsite technical support for schools is a necessity and this continues to be an IT priority
- Despite the increasing number of schools, students and staff, the Information Technology infrastructure has been managed within the set budget

❑ Long term issue

- The ongoing move by education institutions to online services will challenge IT budgets annually and also require regular investments into network infrastructure
- 2016-17 budget remains at the 2015-16 level, with no increase to reflect growth in enrolment

I. g) - Labour Negotiations (#6)

☐ Why is this a budget pressure?

- Ongoing local negotiations for the 2014-2017 collective agreements
- Most issues negotiated at the provincial discussion table (PDT)
- Financial implications of various negotiated terms are meant to have a zero financial impact; uncertain however if the expected savings will materialize to offset additional costs
- Whether GSN amendments will capture all financial implications, remains to be seen

☐ Current Memorandum of Settlements have retroactive financial impact in the current year, GSN amendments to follow

- 2012-14 MOU terms and conditions resulted in additional costs due to changes to sick leave and maternity leave plans and WSIB claim costs, which will continue into 2014-2017 term
- In addition, 2014-2017 MOS contains further changes resulting in additional costs, while the GSN amendments are yet to be released

I. h) - Shared Services (#10)

☐ Why is this a budget pressure?

- Potential area for cost savings identified by the Ministry, but large upfront costs required for computer system harmonization and labour adjustments

☐ 2012-13

- 2012 Ontario Budget identified school board restructuring and amalgamation as an area for potential savings
- As a result of feedback from regional consultation sessions, school board amalgamations were not pursued further
- In September 2012, Deloitte published a report on “The Case for Shared Services in Ontario’s School Board Sector”
 - Report is based on 11 Eastern Ontario school boards

☐ Long term issue

- 2015 SBEM strategy identifies shared services as an area for significant opportunities for efficiency gains possible by consolidating common administrative functions, such as human resource, payroll, and student performance assessment systems
- Savings are actively pursued through participation in consortiums where possible

I. i) - Sick Leave Costs (#1)

- ❑ Why is this a Budget Challenge?
 - Sick leave plans are provincially negotiated
 - 2012-14 MOU introduced new sick leave plan with no additional funding
 - SBCI's 5 year sick leave studies reveals sick leave costs continue to increase
- ❑ The sick leave cost funding gap is by far the Board's biggest cost pressure
 - 77% of staff require to be replaced
 - 7% increase in sick leave utilization overall
 - Costs for staff on sick leave exceed \$12 million, and replacement cost exceed \$7 million
- ❑ This is a long term issue
 - OCSTA Resolution # 14-15 – Support for Boards to Address High Rates of Absenteeism
 - Boards must collectively communicate to the Ministry the cost pressures and need for additional funding, or plan design change
 - SBCI starting a Pilot Workgroup with a number of Boards and Ministry representatives

I. j) – Special Education (#3)

- ❑ Why is this a budget challenge?
 - While Special Education plans within their budgeted allotment, congruent with most boards in the Province, HCDSB incurs costs beyond what it is funded for. The 2014-15 shortfall was \$1.9 million and the estimated 2015-16 shortfall is \$1.4 million
- ❑ Provincial funding reallocation resulted in increased Special Education Funding, however this area continues to have a shortfall
 - A slight increase in funding is expected in 2016-17, with funding expected to level off there after
 - Rising sick leave costs, as a result of the new sick leave plan, contribute greatly to the funding gap within this envelope
 - There is additional funding provided outside of the Special Education Allocation, meant to complement this area (in particular to assist with professional and paraprofessional resources), although these are not directly identified in the GSN
- ❑ This is a long-standing challenge
 - The outputs of the SEFWG which resulted in reallocation of Special Education funding across school boards will be complete in the 2016/17 academic year. Whether this reallocation will be sufficient to close the funding gap and keep up with growth, still remains to be seen

II. 2016-17 Cost Savings Initiatives

1. Identify efficiencies through the competitive bid process of at least \$100,000
 - Annual savings realized to date in 2015-16 - \$117,000 (for various IT equipment, laboratory supplies and cleaning services)
2. Identify opportunities for cost avoidance or cost recovery of at least \$100,000
 - Cost avoidance and cost recovery realized to date in 2015-16 - \$130,000 (renewal for multi function equipment and stationary for the Board, vending and uniforms commissions for the schools)
3. Maximizing visa rebate (target of \$50,000)
 - Identified a number of additional vendors to pay by the corporate purchasing card and reduced paying cycle
 - Expected increase in visa rebate in 2016-17 \$48,000
4. Review the Employee Assistance Program coverage
 - Program costs have increased from \$146,000 in 2012 to \$183,000 in 2015, with no Ministry funding
 - Opportunity to discuss plan design to reduce costs

Estimated 2016-17 Cost Saving Subtotal

\$250,000

II. 2016-17 Cost Savings Initiatives

5. Cost avoidance by relocating the Oakville Adult Learning Centre to St. James

- Dependent on the results of the pupil accommodation review
- Lease cost avoidance of \$797,000 annually plus operating savings on cleaning and utilities of \$36,000 annually (\$833,000 total annual savings)
 - Opportunity for additional rental revenue using surplus gross floor area (GFA)
- Savings to be realized in 2020-21 and onwards

6. Cost avoidance by relocating the Burlington Adult Learning Centre to a closed school in Burlington South East area

- Dependent on the results of the pupil accommodation review
- Lease cost avoidance of \$93,000 annually less additional operating costs on cleaning and utilities of \$8,000 annually (\$85,000 total annual savings)
 - The additional space would allow for expansion of programming as mentioned in III.5 on slide 50
 - Opportunity for additional rental revenue using surplus gross floor area (GFA)
- 2016-17 savings total \$65,000 after factoring in relocating costs
- Full savings to be realized in 2017-18 and onwards

| | |
|---|------------------|
| Estimated 2016-17 Cost Saving Subtotal | \$65,000 |
| Estimated 2017-18 Cost Saving Subtotal | \$85,000 |
| Estimated 2020-21 Cost Saving Subtotal | \$918,000 |

II. 2016-17 Cost Savings Initiatives

7. Other Cost Saving Measures – Staffing not Bound by Collective Agreements
 - Focus on managing growth with current staffing levels where possible
 - Scrutinizing every position that becomes available, Director's approval required for each vacancy outside of collective agreements
 - In the past 5 years, enrolment increased by 15%, overall staffing increased by 13.5%, and staffing not bound by collective agreements increased by 9%
8. PAR Results - School Operating Cost Savings
 - Annual costs savings to be realized by closing and consolidating schools, (cost analysis to be presented at the Special Board Meeting on March 22, 2016)

TOTAL Estimated 2016-17 Cost Saving

\$315,000

TOTAL Estimated 2017-18 Cost Saving

\$335,000 + PAR

Achieving Believing Belonging

III. 2016-17 Revenue Generating Initiatives

1. Continuing to expand International Students Program

2015-16 Results

- Total Revenue: \$1,471,000 (111 Average Daily Enrolment (ADE))
- Total Program Costs: \$926,000
 - Agent commissions - \$216,000 (15% of fees on average)
 - Admin staff – \$182,000 (includes international students enrolment clerks, and resource center staff)
 - Program promotion – \$40,000
 - Learning materials – \$34,000
 - Teaching staff - \$454,000
- Net Revenue: \$545,000 (37% of Total Revenue)

III. 2016-17 Revenue Generating Initiatives (Continued)

1. Continuing to expand International Students Program (Continued)

Estimated 2016-17 Results

- Total Revenue: \$1,722,000 (130 Average Daily Enrolment (ADE))
- Total Program Costs: \$1,069,000
 - Agent commissions - \$253,000
 - Admin staff – \$206,000 (addition of 0.5 FTE international students clerk)
 - Program promotion – \$50,000
 - Learning materials – \$40,000
 - Teaching staff - \$520,000
- Net Revenue: \$653,000 (38% of Total Revenue)
- Continue to build and expand relationships with agents in China, Brazil, and Mexico
- Focus on building a presence in Eastern Europe and West Africa
- Target program growth: 25 ADE increase annually

III. 2016-17 Revenue Generating Initiatives (Continued)

2. Introducing Advanced Placement (AP) program in an Oakville secondary school
 - Revenue generating as a result in increased enrolment (@ \$10,285 per ADE)
 - Program costs \$50,000 annually, with potential to attract 50+ students for a net revenue of \$280,000 annually
 - During 2016-17 confirm location, communicate program and train staff
 - Open program in 2017-18
3. Introducing Native Studies courses in Arts and English
 - Revenue generating as a result of additional funding (\$1,123 per ADE)
 - During 2016-17 assess whether to introduce Grade 9 Native Studies Arts course and Grade 11 Native Studies English course
 - While no additional staffing costs are expected, some materials costs would be required for the English course
 - Assuming 9 arts classes and 9 English classes per year, at 20 pupils per class, this would generate \$404,000 annually

III. 2016-17 Revenue Generating Initiatives (Continued)

4. Pursue funding for Continuing Education Literacy/Numeracy evening programming for parents
 - Revenue generating as a result additional funding (\$6.85 per participating parent)
 - Starting with 2016-17 offer additional literacy/numeracy sessions for parents, with focus on Grades 7/8 and 9/10
 - Program costs \$145,000 annually, with potential generate \$430,000 in revenue, at an annual net revenue of \$285,000
5. Expanding Continuing Education Day / Night / Summer programs in Burlington
 - Revenue generating as a result of increased Continuing Education funding and fees revenue for various programs
 - Currently these courses are only offered at the Oakville Adult Learning Centre
 - Historically these programs run at a \$200 - \$300,000 surplus annually
 - Introduce initiative for 2017-18 or 2018-19 should the Burlington Adult Learning Centre move in one of our schools with space to expand programming

INFORMATION REPORT

ITEM 10.4

STUDENT ENGAGEMENT AND STUDENT VOICE

PURPOSE:

The purpose of this report is to provide the Board of Trustees with the third in a series of Student Engagement Outcome Monitoring Reports that have come to the Board over the course of the past few years. The Student Engagement Strategic Plan Monitoring Report reflects the Priority Focus *Belonging* - "Students are engaged at their school and in their learning".

BACKGROUND INFORMATION:

The Halton Catholic District School Board has been committed to, and recognises that, student engagement contributes to higher academic achievement for all students. Research indicates that students who are engaged in the life of the school, engaged in their own learning and engaged in what and how they are learning are far more successful. Student Engagement is measured along three dimensions: institutional engagement (**students' participation in the formal requirements of schooling**); intellectual engagement (**students' emotional and cognitive investment in their learning**); and social engagement (**students' sense of belong and participation in school life**). Each dimension of engagement is represented by exploring some of the specific factors/indicators contributing to student engagement.

The indicators presented in the attached outcome monitoring report were selected based on criteria including: the extent to which they represent an important dimension of the desired outcomes approved by the Board; data previously and/or currently available and part of an on-going data collection cycle; their importance to the needs of the system; and whether data collection and reporting on the indicator will likely lead to evidence-informed decision-making as the standard approach in all aspects of school improvement planning and systemic improvement efforts.

The *Tell Them From Me* (TTFM) Effective Schools Student Survey is one of the mechanisms used to collect data on student engagement across our Board. *Tell Them From Me* was developed by *The Learning Bar* and based on the work of co-founder Dr. J. Douglas Willms. The TTFM Effective Schools survey allows students to provide their input into school improvement and engagement initiatives in an anonymous way. The survey covers a broad range of student engagement measures including: positive relationships; participation in extracurricular activities; developing social skills; showing up to school on time; not being truant; valuing school outcomes, recognizing that these influence future outcomes; commitment to and motivation for learning. It replaces the Halton Youth Survey used in past years to gather data on these and similar student engagement indicators.

COMMENTARY:

Student Engagement is a way for youth to be involved and engaged in activities and decision making across our schools and system. For students to be engaged they must be provided with opportunities to participate and to feel empowered while doing so. Halton Catholic District School Board has been and continues to engage our students through a variety of student voice initiatives.

STUDENT VOICE INITIATIVE

Student Voice is about students having a voice in their learning. It is connecting what is taught in the classroom to authentic experiences outside the school. Student voice is shaping the learning environment while building student skills and abilities. It helps students become active citizens and develop empowerment.

Student Voice describes the many ways in which youth are encouraged to participate in school decisions that will shape their lives and the lives of their peers.

The key goals of the Student Voice Initiative are to:

- re-engage students and close the gap in achievement for students who are not experiencing success, by learning more about how they learn and what helps them learn;
- ensure that all students feel a sense of belonging in their classrooms and their schools and are able to participate in decisions impacting on their educational experience; and
- involve students meaningfully in articulating what would help to strength their engagement in their learning environments. (Ministry –School Effectiveness Framework document)

STUDENT VOICE INDICATORS: (Ministry of Education)

1. Have Activities outside the classroom
2. Help students learn life skills
3. Offer a socially inclusive environment
4. Be an academically inclusive environment
5. Empower students to speak their mind
6. Allow students to give feedback on learning experiences
7. Keep student informed
8. Give a high-quality education
9. Encourage eco-friendly practices

CONCLUSION:

The student engagement outcome monitoring report reflects the strategic priorities and commitments articulated in the board's strategic plan and form the basis for ongoing work by staff in all schools. The Board's student success team, working in concert with Research & Development Services will continue to develop, evaluate and prioritise potential student engagement initiatives and activities consistent with the strategic priorities and commitments articulated within the strategic plan, and will coordinate the tracking of detailed action plans at the school and system level to ensure that student engagement priorities are achieved.

ITEM 10.5

POSITIVE ASSETS AND DEVELOPMENTAL RELATIONSHIPS

PURPOSE:

The purpose of this report is to provide the Board of Trustees with an overview of the Positive Assets and Developmental Relationships Framework that will be initiated across the Halton Catholic District School Board to support our Strategic Priorities and Board Values. The report summarizes the purpose of positive assets and developmental relationships, draws connections to Our Board Values, and outlines a communication plan and schedule for sharing good news stories about what this looks like in action at our schools.

BACKGROUND INFORMATION:

Following a presentation to Academic Council on January 4, 2016, the Positive Assets Steering Committee met with school administrators in their Family of Schools meeting, January 6, 2016, to introduce the Positive Assets and Developmental Relationships Framework. As a part of the presentation, committee members led an activity where administrators were asked to map our Board Values to the Developmental Relationships Framework, and provide examples of how their school was building assets through relationships to support *Our Catholic Faith, The Whole Child, Excellence in Learning, Relationships and Partnerships*, and *The Importance of Contributing to Our Communities*. Activity packages were created for all schools to repeat the mapping activity as a part of their January or February Staff Meeting.

In an effort to support the sharing of best practices to build assets, foster developmental relationships and embody our Board Values across schools, a communication plan and schedule have been developed to assist schools in making their efforts visible to their parent communities and the Board.

COMMENTARY:

One way for young people to acquire the important experiences, skills and guidance they need – what we call positive assets – to be connected with and supported by a web of caring, supportive and responsible adults. Research on positive youth development indicates that the more adults who make this effort, the better the chances that every young person will get what they need.

At HCDSB, positive assets are:

- A way to collectively and uniformly understand, promote and measure positive child and youth development.
- Created to clarify the positive relationships, youth competencies, self-perceptions and values needed for children and youth to succeed.
- Grounded in research evidence – children with more assets are more likely to develop positively and less likely to participate in risk-taking behavior.

- For this reason, building positive assets in our students is identified as an initiative that supports our collective work to achieve the desired outcomes for many of our strategic priorities (mental health, student retention, responding to and meeting the needs of all learners, student and parent engagement, etc.).

The Developmental Relationships Framework is a new dimension to asset building at the Halton Catholic District School Board. Developmental Relationships refer to the critical relationships students form with parents and other family members, with friends and peers, with staff members in schools and programs, and with caring adults in neighbourhoods and communities. Through the intentional work to build assets and view our work through the lens of relationships, we are creating conditions for young people to strive for deeper and broader knowledge, skill, experience, and mastery while connecting them with opportunities and providing them with a trusted sense of connection, coaching, encouragement, and practical assistance.

Each month we are inviting schools to share the developmental relationships and positive assets they are building in their school communities. The intent is to share this work amongst our school and parent communities by showcasing good news stories with a focus on developmental relationships and our Board values, February through June 2016.

| | |
|----------|-----------------------------|
| February | <i>Express Care</i> |
| March | <i>Challenge Growth</i> |
| April | <i>Provide Support</i> |
| May | <i>Share Power</i> |
| June | <i>Expand Possibilities</i> |

Submissions are due on the 15th of each month to the Strategic Communications Office and can include photos, stories, blubs, video clips, tweets (using the hashtag #HCDSBAssets). The method of sharing is left open to encourage schools to share in a way that best captures the spirit of the work they are doing.

Submissions will be shared in a variety of ways including social media, Principals' meetings, and selected stories will also be shared at Board Meetings throughout the year. Principals are encouraged to promote these stories in their school communities as well as through their website and/or newsletter.

CONCLUSION:

Developmental Assets®, *Positive Assets*, *Developmental Relationships*, and *Family Assets* are all names for initiatives that many of our schools are currently doing, and what is known to be good practice for working with children and youth. Positive Assets are aligned and even embedded in our Board Values and foundational pillars, school and Board priorities, Ministry of Education initiatives and many of the programs operating in our Board. The intent is to highlight these connections and this important work more intentionally moving forward.

2.1 Kindergarten Registration Process 2016-2017

S. Miller

B. Browne informed members that kindergarten registration starts for HCDSB this week; every effort is made to make the process as welcoming as possible. Parents are required to complete a questionnaire designed to help be as prepared as best possible when planning and moving forward for next year.

S. Miller walked members through the kindergarten registration process and the additional resources for students with special education needs. Special Education Consultants will arrange observation visits and follow case conferences, as required; parents can invite anyone involved in supporting their child to attend case conferences.

Parents will also be provided with a poster invite for the 'Parent Information Meeting for Students with Special Needs Entering the Kindergarten Program in September 2016' which is scheduled for Wednesday, March 2, 2016, 7:30 pm – 9:00 pm at St. Benedict Catholic School in Milton. SEAC members are invited to participate that evening. B. Browne noted that SEAC's presence is very important; parents can make valuable connections; and previous presentations by SEAC have been relatable and instrumental in reassuring parents.

L. Cipparrone asked that the parent flyer invite be sent out to all members and encouraged members to come out and speak with parents on March 2nd, to let them know about SEAC and about the associations they represent.

3. Actions to be taken

3.1 Election of SEAC Chair

B. Browne

B. Browne explained the yearly SEAC election process and provided some background on the role of, and the behind the scenes work done by the Chair of SEAC. B. Browne expressed his gratitude for the excellent job that the L. Cipparrone has done over the past few years in her role as the Chair of HCDSB's SEAC.

B. Browne called for nominations for Chair of the Special Education Advisory Committee for the term January 2016 to December 2016.

C. Parreira nominated Lorraine Cipparrone as Chair of SEAC. L. Cipparrone accepted the nomination.

B. Browne called for other nominations; no other nominations were received; L. Cipparrone was acclaimed Chair.

RECOMMENDATION

5. Action Items

5.1 Special Education Plan (pages 21 to 37)

L. Cipparrone asked if there was any further information, changes or comments on this section; none were received. Section 3 will be reviewed at the next meeting.

5.2 Spirit of Inclusion Selection Sub-Committee

L. Cipparrone outlined the selection process and B. Browne discussed the format of the Spirit of Inclusion award presentation at the annual Student Awards of Excellence ceremony.

A meeting for the selection sub-committee has been tentatively scheduled for Tuesday, February 16th at 4:30. Laura Currie, D. Hotopeleanu, C. Parreira, L. Cipparrone and J. Rowles (who expressed interest via email) volunteered to participate on the selection committee

5.3 Raising Awareness of SEAC

L. Cipparrone asked if there was any further information to follow the discussion covered in item 4.1 around raising awareness.

Members discussed webinar planning for the April SEAC meeting: scripting an agenda to guide the discussion; pre-recording versus a live; and handling of questions. R. Quesnel asked that each association rep either speak on the webinar about their association or alternately prepare a script for L. Cipparrone. L. Cipparrone added that a slide should be prepared for each association with their information and logo. Soliciting questions as part of the registration was suggested; timing to begin advertising was also discussed; L. Cipparrone recommended sometime before March break. It was noted that the March SEAC meeting takes place on March 7th as March break is the following week and the week after March break leads up to Easter.

R. Quesnel requested that each member start to think about what message they would like relayed and whether they would like to speak or relay the message through L. Cipparrone.

L. Cipparrone asked that Raising Awareness of SEAC be added to the June SEAC agenda.

5.4 Halton Community Fair 2016

This year's annual Community Resource Fair will take place on Saturday, April 30th, 2016 from 10 am to 2 pm at Craig Kielburger Secondary School in Milton. L. Cipparrone will send an email for participation, if coverage is available for the full day, SEAC will register.

6. Communications to SEAC

6.1 Superintendent's Report

B. Browne provided the following updates:

Speech and Language Services are again providing workshops for school teams using augmentative or alternative communication with students for staff who are in the process of implementing a PECs Communication systems with a students.

The SLPs and I-EAs are doing an inquiry to discern best practices around the collaboration of itinerant staff, looking at how we share information with school staff, how we share resources, and how we build on one another's expertise.

Educational Assistants: Planning is underway for a full day in-service for Educational Assistants, with a focus on Mental Health and Wellbeing, to take place on the April 22, 2016, PD Day.

Community Integration through Cooperative Education (CICE) Program: On Thursday February 11th at 6:30 pm at Jean Vanier Catholic Secondary School in Milton, representatives from Mohawk and Humber's CICE program will discuss their programs and the application process. All are welcome to attend; an information flyer will be send out to members.

DHH Picnic has been scheduled for Tuesday, May 17, 2016 at Lowville Park; rain date will be Wednesday, May 19, 2016.

Mental Health:

- **News release:** Ontario is investing \$6 million in local mental health services through the Ministry of Child and Youth; this will potentially increase the availability of outside services for our students; we currently are working with our partners to deliver more programs jointly.
- **Project Peak Performance:** Our Lady of Victory CES is currently involved in a self-inquiry project with teachers focused on mental health through physiological strategies and mental focus. The project is focused on teacher wellness and the impact on students.
- **Canadian Educators' Conference on Mental Health** – Patricia Codner and B. Browne will be presenting on behalf of HCSDB at the at the CECMH conference in Ottawa in April. The presentation will focus on our Mental Health strategy and the connection to how leadership impacts culture and climate in schools, creating conditions for positive mental health and wellness in schools.
- **School Mental Health ASSIST Meeting:** takes place on February 9 and 10 for superintendents with Mental Health portfolios; the key idea is the promotion of mental health as a shared responsibility.
- **FASD Work** – HCSDB is seen as the being progressive in our existing practices; we have signed the FASD memorandum of understanding and are committed to enhancing our current practices; on going PD for staff will be delivering; have taken on a leadership role in Halton and will continue to provide updates.
- **Supporting Minds - Anxiety Module:** Supporting Minds (an educator's guide to promoting students' mental health and wellbeing) was released by the Ontario government to assist teachers in their understanding of mental health issues, which some students might be experiencing. The document is an aid; it does not promote the notion that teachers should be diagnosing or treating mental illness. The document is divided into sections, (modules) which describe common mental health issues such as anxiety, mood disorders, ADHD.

Over the last school year, our Mental Health Leader facilitated workshops on the anxiety module for staff as part of our Mental Health strategy. Schools were invited to send teams to participate in four workshops sessions. Last year school teams from seven schools participated in the module workshops; upon completion school teams were asked to develop a plan as to how they would share what they had learned with their peers and how they would use the information in their schools.

This year, we are again offering the anxiety module: three members of our psychology staff who participated last year will facilitate this year's module. Six schools have volunteered to participate; the program runs from February 10 to March 2, 2016.

- **Supporting Minds - ADHD and Mood Disorders:** this year the focus based on the Supporting Minds document will be toward developing ADHD and Mood Disorder modules; these modules will be ready for roll out to staff in September 2016.
- **Suicide Prevention and Intervention Policy.** This year, our Mental Health Leadership team formed a working group to begin to draft a policy on suicide prevention and intervention to submit to senior administration by June 2016 for their input and direction.
- **P.A.L.S. (Playground Activity Leaders in Schools)** continues to be run in most of our schools. Our pilot project last year was successful; this program now replaces PROPS.
- **Cameron Helps/Team Unbreakable** continues to run in our schools with schools either taking a few weeks break, following the Bold and Cold Run in November and/or gearing up for our Mother's Day run in May.

Collaboration between Special Education and Curriculum – Breaking down the Silos: Special Education Services is engaged in intentional work between departments to embrace the notion of collective responsibility for all students by engaging in a community of practice. On Friday, Curriculum and Spec Ed Board staff participated in a problem of practice focused on student behavior; how a collaborative approach can share responsibility and increase teacher capacity. Work is on-going and focused on promoting and modelling shared responsibility for all students with an eye toward increasing teacher confidence and capacity to work with all students.

Special Needs Strategy –the Halton Regional Group will be meeting January 27th to discuss Ministry feedback and next steps for service coordination in Halton.

Kindergarten Registration This Week – Kindergarten Registration begins this week, the questionnaire provides important information to help with planning for next year.

CTCS – Programming Uses and Gifted Screening – Schools are receiving results of the Canadian Test of Cognitive Skills which provides excellent information for teachers and admin regarding a student's cognitive potential; it is also used for screening of potential gifted identification.

Starting to roll out the KTEA (Kaufman Test of Educational Achievement) - the KTEA-3 provides two equivalent forms A and B that allow for more comparisons in terms of progress monitoring; it is published by Pearson; allows for error analysis; links closely to instructional interventions; and is particularly rich in terms of reading assessment.

International Conference for School Effectiveness and Improvement (ICSEI) Scotland – B. Browne attended the ICSEI conference in Scotland earlier in January where he participated on behalf of HCDSB as an invited speaker and co-presenter. B. Browne provided information, shared pictures and discussed the key ideas at the conference. Key ideas included:

- Ontario Education as internationally revered.
- Equity as a Key Lever to Student Achievement - systems which have an equity focus perform better

- Collaboration/Breaking Down Silos is of International Interest
- Attainment is Less About Literacy/Numeracy and More Inclusive of Wellness and Mental Health
- Leadership Development - Formal and Informal key interest
- Practical Connections between Theory and Practice
- Standardized Testing vs Data vs Accountability vs Professionalism

6.2 Association Reports

L. Cipparrone reviewed two reports received from ABC Halton on behalf of M. Lourenco.

6.2.1 ABC Halton – Monthly Meetup Sessions

ABC Halton will be hosting monthly sessions for parents on the 1st or 2nd Wednesday of the month, meetings will take place in both Oakville and Milton:

- Oakville sessions take place at Longo's Loft, 3455 Wyecroft Rd., Oakville on February 10th, March 2nd, April 6th, May 4th and June 1st, 2016
- Milton sessions take place at Longo's Loft, 1079 Maple Ave., Milton on March 9th, April 13th, May 11th, and June 8th, 2016

6.2.2 ABC Halton – Natalie Orenchuk Presentation

Natalie Orenchuk-Tomiuk, MSW. RSW. BSW. BA will be presenting at ABC Peel Chapter's Parent Night on Thursday, January 28th, 2016, 7:00 to 9:00 pm at HJA Brown Education Centre, Mississauga. The presentation will be on the challenging and complex needs of gifted children/teens.

6.2.3 HDSA – World Down Syndrome Day Contest

D. Hotopeleanu explained that the World Down Syndrome Day contest is meant to raise awareness and an understanding of Down Syndrome. Last year was HDSA's first contest, this year the contest has been expanded to secondary schools. D. Hotopeleanu elaborated on the prizes that can be won.

D. Hotopeleanu provided the 2016 World Down Syndrome Day contest agenda and schedule; a copy of the letter for teachers; the resource list and copies of posters (which had been delivered to schools last week). Canadian Down Syndrome Society (CDSS) Educator Packages will be distributed during the first week of February to formally open the contest; the website and videos will go live at that time as well. World Down Syndrome Day is March 21; celebrations can take place any day/week in March or April.

D. Hotopeleanu asked if there were any questions and informed members he will provide updates on the contest.

6.3 Trustee Reports

D. Rabenda informed members that a modified pupil accommodation review has begun on schools within south Oakville; south Burlington and Georgetown. Conversations are just beginning to be initiated; consultations for feedback from families and parents will be held beginning March 2nd.

A. Iantomasi added that an additional PA day on April 8, 2016 has been added; finalized boundary review for Georgetown; ground-breaking and blessing of the new north Oakville school has taken place; feedback from all stakeholders for strategic planning has now been received; and the Board is starting to ratify agreements with unions.

To the Halton Catholic School Board and the Georgetown Independent

Re: Reciting the Canadian Oath of Citizenship in class

As a Catholic educator retired after 34 years teaching, a former Parent Council Chair and a 3rd generation Canadian, I am puzzled by the Board's decision to include a recitation of the Canadian Oath of Citizenship each day in class.

This decision leans towards jingoism and is a misuse of the oath meant to be taken once by new Canadians. The oath was never intended to act as the Canadian version of the American Pledge of Allegiance. Why do we keep importing American patriotic ideals?

Given the many important issues in education today, I cannot understand who on the Board found time to think up this questionable idea—let alone waste valuable Board time in passing it. As always, foolish ideas celebrated in the Board office must be implemented and policed by the school staff.

What will be done to those teachers and students who refuse to take part? Will there be punishment? As Canadians, we have the freedom to choose how to display our patriotism. This command "patriotic" performance will lead to unnecessary confrontation which is no way to start a productive day. As a teacher, I would have refused to take part—not because I am unpatriotic, but I see taking an oath as a solemn act. Once I have given my word, there is no need to do so again (and again and again).

The Independent's coverage of this story lacks any journalistic integrity. There is no background provided behind the decision. Whose brainchild is this? Was there any debate? What was the final vote? Were parents consulted? Were students? Has there been any reaction? Is it even proper to use the oath in this way?

There is a reason why Halton Catholic "is the only board in the province that [is] asking students to read the Oath of Citizenship daily". The other Boards are respecting the oath for its intended use.

Please give this more thought.

Sincerely,

Frank Loreto
