## Secondary French Immersion

### **1. Is there an application process for Grade 9 French Immersion?**

No. Once a student is enrolled in the elementary French Immersion program, they will be able to continue in the Grade 9 French Immersion program without reapplying.

### **2. If there are not enough students registered for the French Immersion program to run at my secondary site, what can I do?**

### **3. Will French Immersion students be eligible to participate in other optional programs such as Advanced Placement (AP)?**

If the French Immersion site also offers AP, students are welcome to take part in both programs.

Staff are currently in the process of reviewing all considerations related to this program in Milton; both the limitations of physical space at Bishop Reding, as well as the availability of French Immersion staff. More information will be shared with parents as it becomes available. Our intent is to carefully consider all of our options to deliver the best possible program to our students.
