| 2021-22 Budget Estimates - Final | Item 4.1 |
|----------------------------------|----------|
| June 24, 2021                    |          |

#### Alignment to Strategic Plan

This report is linked to our strategic priority of **Foundational Elements**: Optimizing organizational effectiveness.

#### Purpose

To provide the Board with a final draft of the 2021-22 Budget Estimates for approval.

#### **Background Information**

- 1) Information Report 4.1, "2021-22 Budget Estimates (Draft)" from the June 16, 2021, Special Meeting of the Board.
- 2) Information Report 10.2, "Release of the 2021-22 Grants for Student Needs (GSN) and Revenue Update" from the May 18, 2021, Regular Meeting of the Meeting.
- 3) Information Report 10.4, "2021-22 Budget Survey Results" from the April 6, 2021, Regular Meeting of the Board.
- 4) Information Report 10.5, "2021-2022 Budget Estimates Schedule and Consultation" from the February 2, 2021, Regular Meeting of the Board.

#### Comments

The Ministry released the online Education Finance Information System (EFIS) forms, 2021-22 Priorities and Partnerships Fund (PPF) funding allocations and the "Technical Paper 2021-22" on May 4, 2021, from which Staff developed a draft of the budget for the upcoming school year.

Additional publications and reporting instruments expected but not released at this time include the "Grants for Student Needs – Legislative Grants for the 2021–2022 School Board Fiscal Year" regulation.

At the June 16, 2021, Special Board Meeting, the Board's draft financial position was an operating deficit with an in-year "Total Accumulated Deficit Available for Compliance" of \$2.16 million. Appendix A confirms HCDSB's budget is a "Compliant Budget" per the Ministry's definition and does not require Minister approval as it is within 1% of HCDSB's operating allocation of \$396.43 million. After further examination of estimated revenues and expenses, HCDSB is forecasting a 2021-22 Operating Deficit

of \$2.0 million with an in-year Total Accumulated Deficit Available for Compliance of \$2.22 million primarily due to continued COVID-19 expenses and past capital projects. Table 1 summarizes the Board's draft financial position, listing the opening and closing balances in the surplus accounts available to the Board. The draft financial position includes full-year costs related to operating a school board during a global pandemic. However, approximately \$3.6 million of Ministry-allocated COVID-19 funding has been excluded from this budget, pending Ministry confirmation in late fall that these funds will proceed to HCDSB. Thus, HCDSB has captured the majority of full-year COVID-19 costs. Additional COVID-19 revenue, if applicable, will be included at Revised Estimates in December 2021.

The salary budget was developed based on the confirmed staffing complement as of March 31, 2021. In 2020-21, Classroom Size was capped at 25 students due to concerns around the spread of COVID-19. For 2021-22, Staff attempted to limit class size; however, with the change in funding for 2021-22, a hard cap of 25 students proved challenging. Thus, using the projected enrolment as of the end of April and finding efficiencies within schools, Staff used a cap of 25 students per classroom; however, if enrolment increases between May and August, the class cap of 25 may be exceeded.

Unrelated to the Classroom Teacher and applicable Early Childhood Educator allocation discussed above, Table 2 summarizes the staffing needs for 2021-22.

As HCDSB expands, enhancements to existing programs are required to ensure Staff is equipped to exceed the expectations of our students, community members and employees. Table 3 summarizes these changes for 2021-22.

#### REVENUE PROJECTIONS (APPENDICES B-1 & E)

Revenue has been estimated at \$451.0 million - \$405.3 million in grant revenue, \$5.0 million in other provincial grants, \$3.2 million in federal grants, \$12.9 million in other revenue, including interest, recoverable salary, facility rental income, tuition fees and Education Development Charges. An additional \$5.0 million has been estimated for school-generated funds and \$19.6 million in amortization of deferred capital contributions (DCC).

Appendix E outlines the Board's provincial allocation, including the capital allocation, compared to the 2020-21 Revised Estimates, 2020-21 Original Estimates. The operating allocation calculated through the EFIS forms is 2.9% higher than the 2020-21 Revised Estimates, primarily due to increases to allocation benchmarks.

The capital allocation is higher than the 2020-21 Revised Estimates. The capital grants are based on the Board's estimated capital expenses for the year, which include: Milton #10 Catholic Elementary School (CES), St. Kateri Tekakwitha Catholic Secondary School (CSS), North Oakville #4 Catholic Elementary School (CES) and various school improvement projects. Temporary Accommodation funding decreased by \$942,000 due to the total Provincial funding for Temporary Accommodation not increasing for 2021-22 combined with a change in HCDSB's prior-years average.

#### **ENROLMENT (APPENDIX D)**

Estimated Average Daily Enrolment (ADE) is the main driver for the Board's revenue and is calculated using the average of two enrolment count dates: October 31 and March 31. Enrolment projections were submitted to the Ministry in December 2020 and incorporated into the projections released by the Ministry in May 2021.

Enrolment projections have been updated as of May 2021, and compared to the 2020-21 Revised Estimates forecast, projections have increased by 20.50 ADE for elementary enrolment and 269.29 ADE for secondary enrolment, resulting in a net increase of 289.79 ADE or 0.8%. Staff will conduct

one additional review of the enrolment projections against actual registrations, and any required adjustments will be reflected in the Final Budget Estimates report.

#### EXPENSE PROJECTIONS (APPENDICES B-2 TO B-9 & C)

Total expenses have been estimated at \$446.7 million (including compliance adjustments), with operating expenses of \$414.1 million. These expenses include the staffing and program enhancements identified in Tables 2 and 3.

The salary and benefits budget has been estimated at \$357.5 million, which represents 86.3% of total operating expenses, and is \$0.5 million lower than the 2020-21 Revised Estimates. This is mainly due to the reduced COVID-19 related costs, partially offset by grid movements, and compensation increases negotiated in labour agreements.

The other operating expenses have been estimated at \$56.6 million or 13.7% of the total operating budget. The capital expenses are estimated at \$6.5 million; school-generated funds expenses amount to \$5.0 million; amortization of capital assets is estimated at \$21.0 million, and future employee benefits and accrued interest adjustments amount to (\$0.7 million).

School budgets of \$4.0 million have been included in the operating expenses, with \$2.0 million for elementary, \$2.0 million for secondary schools.

Transportation costs are estimated at \$10.6 million and include \$0.1 million for provincial schools. This is a decrease of \$0.6 million over the 2020-21 Revised Estimates due to lower COVID-19 related costs budgeted in 2021-22. The transportation expenses are projected to exceed the Transportation Allocation by \$1.3 million; however, a COVID-19 PPF of \$0.3 million has been received to help offset.

The Special Education expenses amount to \$59.9 million, of which \$57.8 million is for salary and benefits and \$2.1 million for equipment and other expenses (as listed in Appendix B-4). This represents an increase of \$0.8 million over the \$59.1 million presented in the 2020-21 Revised Estimates. The increase in expenses is mainly due to staffing additions. The Special Education Allocation is \$50.8 million, plus \$2.1 million in funding for self-contained classes and \$0.3 million for EAs from the pupil foundation grant for total Special Education revenues of \$53.2 million for enveloping purposes. As a result, the projected Special Education shortfall for the 2021-22 Budget Estimates is \$6.7 million. It should, however, be noted that there are other areas within the GSN that are meant to complement the Special Education expenditures, such as the Teacher Qualification and Experience Allocation, but they are not clearly tracked through the Ministry reporting forms.

The Board Administration and Governance expenses, including salary and benefits and other operating expenses, amount to \$13.1 million (as listed in Appendix B-5) compared to \$12.7 million at 2020-21 Revised Estimates. The increase primarily relates to higher benefit costs. Once all relevant funding sources are considered, it is expected that the Board will be in compliance with the enveloping provision for this grant.

#### CAPITAL PROJECTIONS (APPENDIX B-1, B-2, AND F)

As the Board reports to the Ministry using Public Sector Accounting Board (PSAB) standards, capital assets are recorded on the Statement of Financial Position and amortization and deferred capital contributions are recorded on the Statement of Operations. Appendix F outlines the capital projects budgeted for the 2021-22 fiscal year, including funding sources for each project.

Construction of capital assets is funded in part by the Ministry (referred to as "supported funding") and in part by the Board's reserves (referred to as "unsupported funding"). Once construction is complete, capital assets are amortized over their useful life. The Ministry provides a grant to cover the portion of the amortization expense related to the Ministry-supported funding, referred to as amortization of deferred capital contributions. This amounts to \$19.6 million for 2021-22, as outlined in Appendix B-1. However, as mentioned under the Expense Projections section above and in Appendix B-2, amortization expense is estimated at \$21.0 million. The difference of \$1.4 million is funded through other areas of the budget.

#### **UPDATED 2021-22 BUDGET SCHEDULE (APPENDIX G)**

As the budget schedule indicates, Staff intends to file the Final Budget Estimates with the Ministry by the June 30, 2021 deadline.

#### Conclusion

This final draft of the 2021-22 Budget Estimates reflects the projected funding and the most current expenditures based on the best available information at this time.

Once information on actual enrolment and related staffing adjustments become available, budget revisions will be required, and Senior Staff will review any necessary budget adjustments. As a result, the Ministry will require the submission of Revised Estimates in December 2021, based on the actual October 31 enrolment and funding from the Province will be adjusted to reflect any changes. All additional "other Provincial operating grants" that are announced up to the Revised Estimates date will also be included along with the corresponding expenditures.
