Item 8.2

November 16, 2021

Alignment to Strategic Plan

This report is linked to our strategic priority of **Foundational Elements:** Optimizing organizational effectiveness.

Purpose

To provide the Board of Trustees with the 2020-21 Draft Audited Consolidated Financial Statements for approval.

Background Information

At the Board Meeting of June 15, 2021, the Board received and approved Action Item 8.2 "2020-21 Year-End Audit Planning Report from KPMG". The report detailed the audit approach (including the areas of focus), audit materiality, required communications, and independence. KPMG has provided to Audit Committee its audit findings report for the year ended August 31, 2021. The report provides important information to assist the Board of Trustees in satisfying their governance responsibility related to the review and approval of the annual Financial Statements.

Comments

- 1. The financial statements have been prepared per the Financial Administration Act supplemented by the Ontario Ministry of Education Memorandum 2004:B2 and Ontario Regulation 395/11 "Accounting Policies and Practices Public Entities" of the Financial Administration Act.
- 2. The attached 2020-21 Draft Consolidated Audited Financial Statements ("Financial Statements") are comprised of the following pages:
 - a. Covering Page
 - b. Management's Responsibility for the Consolidated Financial Statements
 - c. Independent Auditors' Report
 - d. Consolidated Statement of Financial Position

- e. Consolidated Statement of Operations
- f. Consolidated Statement of Change in Net Debt
- g. Consolidated Statement of Cash Flows
- h. Notes to Consolidated Financial Statements
- 3. The Financial Statements were prepared by the Business Services staff and have been audited by the Board's External Auditors (KPMG). The form and content of the Financial Statements are primarily prescriptive in nature and present the actual results for the 2020-21 fiscal year. The Board approved the 2020-21 Original Budget on July 29, 2020, and the 2020-21 Revised Budget on December 17, 2020. The 2020-21 Draft Audited Consolidated Financial Statements are the culmination of the annual reporting cycle. The Director of Education and Secretary of the Board, and the Chair of the Board are required to sign the approved Financial Statements on behalf of the Board.
- 4. The "Management's Responsibility for the Consolidated Financial Statements" has remained essentially unchanged from the previous year.
- 5. The "Independent Auditor's Report" contains four sections: Opinion, Basis for Opinion, Responsibilities of Management and Those Charged with Governance for the Financial Statements, and the Auditor's Responsibilities for the Audit of the Financial Statements. The auditor's opinion, which can be found at the beginning of the auditor's report, reflects a "clean" or unmodified audit opinion.
- 6. The "Consolidated Statement of Financial Position" presents the Board's Financial Assets and Liabilities at a point in time (August 31, 2021). The statement's layout provides two key performance measures: the Board's ability to finance its operations and the Board's ability to deliver future services. The difference between total Financial Assets and Total Liabilities is referred to as Net Debt. The Board's Net Debt balance is \$521.4 million for fiscal 2020-21. Net Debt is added to the Non-Financial Assets (Prepaid Expenses and Tangible Capital Assets) to give the Accumulated Surplus. The total Accumulated Surplus position of the Board is \$178.7 million.

Accounts receivable was \$22.8 million in 2020-21, a decrease of \$22.2 million from 2019-20. The decrease is primarily due to the receipt of the deferred education property taxes in 2020-21. In 2019-20 the Province of Ontario extended the municipalities' deadlines to pay education property tax to school boards.

The Long-term Accounts Receivable of \$166.7 million includes \$127.1 million due from the Province over the remaining term of existing capital debt instruments issued to finance approved capital and \$13.4 million due from the Province in early 2022 for capital funded through the funding model.

Beginning in 2018-19, the Ministry of Education introduced a cash management strategy. As part of the Ministry's strategy, it delayed part of the grant payment to Halton Catholic District School Board. The delayed grant payment reflected in the Financial Statements is \$26.2 million for fiscal 2020-21 and was included in the long-term receivable – Government of Ontario.

Overall, the Provincial long-term receivable balance decreased by \$7.8 million from 2019-20. The decrease resulted from \$11.8 million in principal payments made on the retirement of supported debt. This decrease was partially offset by an increase of \$3.4 million in capital construction grants and an increase of \$0.6 million in the delayed grant payment. Supported debt is old debenture debt through the Ontario School Boards Financing Corporation (OSBFC) and new debenture debt under the Ontario Financing Authority (OFA), both of which were primarily used to provide new pupil places.

Accounts payable decreased by approximately \$23.5 million compared to 2019-20. The decrease is due to the repayment of \$24.1 million in funds received from the Ministry for cashflow purposes after the Ministry passed a new regulation under the *Education Act* that extended the education tax due dates of June 30, 2020, and September 30, 2020, to September 30, 2020, and December 31, 2020.

Temporary borrowing decreased (\$1.0) million due to a reduction in the EDC credit facility.

The decrease of deferred revenue by approximately \$0.5 million is resulting from:

- (\$0.5) million in proceeds of disposition;
- (\$0.8) million in deferred revenue relating to international students.

Partially offset by an increase in deferred revenue related to the following:

- \$0.1 million in Special Education deferred revenue;
- \$0.7 million increase in student achievement deferred revenue.

The Employee Future Benefits liability has decreased by \$0.7 million due to the actuarial valuation undertaken this year and changes in discount rates as explained in Note 6 (pages 12-15) of the Financial Statements.

The decrease in net long-term liabilities of (\$13.0) million is the result of principal debt payments made throughout the year.

The Total Accumulated Surplus is broken down in Note 10 (Accumulated Surplus) of the Draft Audited Consolidated Financial Statements, and it is important to note that the non-designated portion (or unappropriated portion) for the 2020-21 year of this Total Accumulated Surplus is an operating surplus of \$1.1 million.

The in-year surplus for 2020-21 has been internally appropriated as follows:

- Transfer of (\$0.1) million out of retirement gratuities,
- Transfer of (\$0.1) million for WSIB costs,
- Transfer of \$4.0 million to Operating Reserve,
- Transfer of \$0.1 million to the Reserve for Student Activities,
- Net transfer of \$1.4 million to Facility Capital Reserve,
- Transfer of (\$0.1) million out of the Committed Sinking Fund interest earned,
- Transfer of (\$1.2) million out of the Committed Capital Projects, and

Thus, the unappropriated and appropriated surplus reflects an in-year Total Accumulated Surplus Available for Compliance of \$4.0 million. The Revised Estimates approved by the Board on December 17, 2020, outlined an expected in-year deficit available for compliance of (\$7.7) million. The positive impact on the Financial Statements was mainly the result of increased funding stabilization revenue of \$2.3 million, a decrease of \$(0.3) in other revenue sources and lower salary and benefit costs of \$(2.9) million, rental expenses of \$(1.4) million, supplies and service costs of \$(2.4) million, fees and services \$(2.0) million and other expenses of \$(1.0) million.

- 7. The "Consolidated Statement of Operations" explains the change in the Board's accumulated surplus balance from the prior year. The difference between Revenues and Expenses gives the Total Annual Surplus/(Deficit) for the year, which is then added to the opening Total Accumulated Surplus/(Deficit) position to provide the closing Total Accumulated Surplus/(Deficit) position. The annual surplus for the year is \$20.9 million and includes the in-year Available for Compliance Surplus of \$4.0 million and the in-year Unavailable for Compliance Surplus of \$16.9 million. The Unavailable for Compliance Surplus includes \$0.46 million decreases in unfunded Employee Future Benefits, \$0.2 million for accrued interest, (\$1.3) million for School Generated Funds, and \$17.5 million in EDC revenue.
- 8. The "Consolidated Statement of Change in Net Debt" explains why the Board's net debt position changed. It highlights the changes due to tangible capital asset (TCA) activities in the year and includes the acquisition of new TCA, amortization of existing TCA, and the sale of TCA, if any occurred during the year. An increase in net debt means that more future revenues will be needed to pay for past transactions.
- 9. The "Consolidated Statement of Cash Flows" explains the change in cash and cash equivalents from the prior year and provides information about how the Board generated cash to meet its obligations. The statement presents the Board's cash flow for the year in three categories: Operating, Capital, and Financing Activities. The Board follows the indirect method, starting with the Annual Surplus/(Deficit), adding back non-cash items, and then analyzing the changes in amounts on the other lines in the Statement of Financial Position that affect cash flows.
- 10. The Ministry's Education Finance Information System (EFIS) forms were submitted electronically on November 15, 2021; however, staff has received Ministry approval to resubmit following the November 16, 2021 Board meeting, which allows for any required adjustments. The resubmission will include the required signed forms needed to complete the Financial Statement's package.
- 11. The Board is compliant with the Ministry's defined expense enveloping provisions for the Administration and Governance Grant.
- 12. The grant allocation for Special Education is \$49.7 million, \$0.3 million higher than in 2019-20. Special Education expenses continue to exceed the allocation, and the shortfall for 2020-21 is \$6.3 million. The Special Education deferred revenue balance is \$0.7 million; however, these funds can only be used for Special Equipment Amount expenses.
- 13. In accordance with Section 252(2) of the Education Act, and the Publication and Notice instructions from the Ministry of Education, the <u>final</u> Audited Financial Statements will be made

available on the Board's website, and a notice indicating the same will be published in the Metroland newspapers throughout the four municipalities in the Region of Halton.

14. Attached is a 2020-21 Year-End Schedule, showing the remaining items to be completed.

Conclusion

Staff has submitted the draft audited financial statements, which include an unqualified audit opinion for approval.

Consolidated Financial Statements of

HALTON CATHOLIC DISTRICT SCHOOL BOARD

And Independent Auditors' Report hereon

Year ended August 31, 2021

Management's Responsibility for the Consolidated Financial Statements

The accompanying consolidated financial statements of the Halton Catholic District School Board are the responsibility of the Board management and have been prepared in accordance with the Financial Administration Act, supplemented by Ontario Ministry of Education memorandum 2004:B2 and Ontario Regulation 395/11 of the Financial Administration Act, as described in Note 1 to the consolidated financial statements.

A summary of the significant accounting policies are described in Note 1 to the consolidated financial statements. The preparation of consolidated financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

Board management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements. These systems are monitored and evaluated by management.

The Audit Committee meets with management and the external auditors to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to the Boards approval of the consolidated financial statements.

The consolidated financial statements have been audited by KPMG LLP, independent external auditors appointed by the Board. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the Board's consolidated financial statements.

Patrick Daly Director of Education and Secretary of the Board Aaron Lofts Superintendent of Business Services and Treasurer of the Board

INDEPENDENT AUDITORS' REPORT

To the Board of Trustees of the Halton Catholic District School Board:

Opinion

We have audited the consolidated financial statements of the Halton Catholic District School Board ("the Entity"), which comprise:

- the consolidated statement of financial position as at August 31, 2021
- the consolidated statement of operations for the year then ended
- the consolidated statement of changes in net debt for the year then ended
- the consolidated statement of cash flows and for the year then ended
- and notes to the consolidated financial statements, including a summary of significant accounting policies.

(Hereinafter referred to as the "financial statements").

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of the Entity as at August 31, 2021, and its results of operations and its cash flows for the year then ended in accordance with the basis of accounting described in Note 1 to the consolidated financial statements.

Basis for Opinion

We conducted our audit in accordance with Canadian generally accepted auditing standards. Our responsibilities under those standards are further described in the *"Auditors' Responsibilities for the Audit of the Financial Statements"* section of our report.

We are independent of the Entity in accordance with the applicable independence standards, and we have fulfilled our other ethical responsibilities in accordance with these standards.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Page 2

Responsibilities of Management and Those Charged with Governance for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with the basis of accounting as described in Note 1 to the financial statements, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is responsible for assessing the Entity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Entity or to cease operations, or has no realistic alternative but to do so.

Those charged with governance are responsible for overseeing the Entity's financial reporting process.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion.

Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with Canadian generally accepted auditing standards will always detect a material misstatement when it exists.

Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with Canadian generally accepted auditing standards, we exercise professional judgment and maintain professional skepticism throughout the audit.

We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion.
- The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Entity's internal control.

Page 3

- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Entity's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Entity to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.
- Obtain sufficient audit evidence regarding the financial information of the entities or business activities within the Entity to express an opinion on the financial statements. We are responsible for the direction, supervision and performance of the group audit. We remain solely responsible for our audit opinion.

Notes to Consolidated Financial Statements

Year ended August 31, 2021

1. Significant accounting policies:

The consolidated financial statements of the Halton Catholic District School Board (the "Board") are prepared by management in accordance with the basis of accounting described below. Significant accounting policies of the Board are as follows:

(a) Basis of accounting:

The consolidated financial statements have been prepared in accordance with the Financial Administration Act supplemented by Ontario Ministry of Education memorandum 2004:B2 and Ontario Regulation 395/11 of the Financial Administration Act.

The Financial Administration Act requires that the consolidated financial statements be prepared in accordance with the accounting principles determined by the relevant Ministry of the Province of Ontario. A directive was provided by the Ontario Ministry of Education within memorandum 2004:B2 requiring school boards to adopt Canadian public sector accounting standards commencing with their year ended August 31, 2004 and that changes may be required to the application of these standards as a result of regulation.

In 2011, the government passed Ontario Regulation 395/11 of the Financial Administration Act. The Regulation requires that contributions received or receivable for the acquisition or development of depreciable tangible capital assets and contributions of depreciable tangible capital assets for use in providing services, be recorded as deferred capital contributions and be recognized as revenue in the statement of operations over the periods during which the asset is used to provide service at the same rate that amortization is recognized in respect of the related asset. The regulation further requires that if the net book value of the depreciable tangible capital asset is reduced for any reason other than depreciation, a proportionate reduction of the deferred capital contribution along with a proportionate increase in the revenue be recognized. For Ontario school boards, these contributions include government transfers, externally restricted contributions and, historically, property tax revenue.

The accounting policy requirements under Regulation 395/11 are significantly different from the requirements of Canadian public sector accounting standards which requires that:

- government transfers, which do not contain a stipulation that creates a liability, be recognized as revenue by the recipient when approved by the transferor and the eligibility criteria have been met in accordance with public sector accounting standard PS3410;
- externally restricted contributions be recognized as revenue in the period in which the resources are used for the purpose or purposes specified in accordance with public sector accounting standard PS3100; and
- property taxation revenue be reported as revenue when received or receivable in accordance with public sector accounting standard PS3510.

1. Significant accounting policies (continued):

(a) Basis of accounting (continued):

As a result, revenue recognized in the consolidated statement of operations and certain related deferred revenues and deferred capital contributions would be recorded differently under Canadian Public Sector Accounting Standards.

(b) Reporting entity:

The consolidated financial statements reflect the assets, liabilities, revenues and expenses of the reporting entity. The reporting entity is comprised of all organizations accountable for the administration of their financial affairs and resources to the Board and which are controlled by the Board.

School generated funds, which include the assets, liabilities, revenues and expenses of various organizations that exist at the school level and which are controlled by the Board are reflected in the consolidated financial statements.

Consolidated entities:

School Generated Funds

Proportionately consolidated entities:

Halton Student Transportation Services

Interdepartmental and inter-organizational transactions and balances between these organizations are eliminated.

(c) Trust funds:

Trust funds and their related operations administered by the Board are not included in the consolidated financial statements, as these funds are not controlled by the Board.

(d) Cash and cash equivalents:

Cash and cash equivalents comprise of cash on hand and short-term investments. Short-term investments are highly liquid, subject to insignificant risk of changes in value and have a short maturity term of less than 90 days.

(e) Deferred revenue:

Certain amounts are received pursuant to legislation, regulation or agreement and may only be used in the conduct of certain programs or in the delivery of specific services and transactions. These amounts are recognized as revenue in the fiscal year the related expenses are incurred, or services performed.

Notes to Consolidated Financial Statements (continued)

Year ended August 31, 2021

1. Significant accounting policies (continued):

(f) Deferred capital contributions:

Contributions received or receivable for the purpose of acquiring or developing depreciable tangible capital assets for use in providing services, or any contributions of depreciable tangible assets received or receivable for use in providing services, are recorded as deferred capital contributions when the asset has been acquired as required by Ontario Regulation 395/11. Amounts are recognized as revenue in the statement of operations at the same rate and over the same periods as the related asset is amortized.

(g) Retirement and other employee future benefits:

The Board provides defined retirement and other future benefits to specified employee groups. These benefits include pension, life insurance, health care benefits, dental benefits, retirement gratuity, worker's compensation and long-term disability benefits. As part of ratified labour collective agreements for unionized employees that bargain centrally and ratified central discussions with the Principals and Vice-Principals Associations, the following Employee Life and Health Trusts (ELHTs) were established in 2016-2017: OECTA. The following ELHTs were established in 2017-2019: EWAO, CUPE, ONE-T for non-unionized employees including principals and vice-principals. The ELHTs provide health, dental and life insurance benefits to teachers (excluding daily occasional teachers), education workers (excluding casual and temporary staff), and other school board staff. Currently ONE-T ELHT also provides benefits to individuals who are retired prior to the Board's participation date in the ELHT. These benefits are provided through a joint governance structure between the bargaining/employee groups, school board trustees associations and the Government of Ontario. Boards no longer administer health, life and dental plans for their employees and instead are required to fund the ELHTs on a monthly basis based on a negotiated amount per full-time equivalency (FTE). Funding for the ELHTs is based on the existing benefits funding embedded within the Grants for Student Needs (GSN), including additional ministry funding in the form of a Crown contribution and Stabilization Adjustment.

Depending on prior arrangements and employee groups, the Board provides health, dental and life insurance benefits for retired individuals that were previously represented by the following unions/federations: OECTA and CUPE.

The Board has adopted the following policies with respect to accounting for these employee benefits:

Notes to Consolidated Financial Statements (continued)

1. Significant accounting policies (continued):

(g) Retirement and other employee future benefits (continued):

The costs of self-insured retirement and other employee future benefit plans are actuarially determined using management's best estimate of salary escalation, accumulated sick days at retirement, insurance and health care costs trends, disability recovery rates, long-term inflation rates and discount rates. In prior years, the cost of retirement gratuities that vested or accumulated over the periods of service provided by the employee were actuarially determined using management's best estimate of salary escalation, accumulated sick days at retirement and discount rates. As a result of the plan change, the cost of retirement gratuities were actuarially determined using the employee's salary, banked sick days and years of service as at August 31, 2012 and management's best estimate of discount rates. The changes resulted in a plan curtailment and any unamortized actuarial gains and losses were recognized as at August 31, 2012. Any actuarial gains and losses arising from changes to the discount rate are amortized over the expected average remaining service life of the employee group.

For self-insured retirement and other employee future benefits that vest or accumulated over the periods of service provided by employees, such as life insurance and health care benefits for retirees, the cost is actuarially determined using the projected benefits method prorated on service. Under this method, the benefit costs are recognized over the expected average service life of the employee group.

For those self-insured benefit obligations that arise from specific events that occur from time to time, such as obligations for worker's compensation and long-term disability, the cost is recognized immediately in the period the events occur. Any actuarial gains and losses that are related to these benefits are recognized immediately in the period they arise.

- (i) The costs of multi-employer defined pension plan benefits, such as the Ontario Municipal Employee Retirement System pensions, are the employer's contributions due to the plan in the period;
- (ii) The costs of insured benefits are the employer's portion of insurance premiums owed for coverage of employees during the period.
- (h) Tangible capital assets:

Tangible capital assets are recorded at historical cost less accumulated amortization. Historical cost includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset, as well as interest related to financing during construction. When historical cost records were not available, other methods were used to estimate the costs and accumulated amortization.

Leases which transfer substantially all the benefits and risks incidental to ownership of property are accounted for as leased tangible capital assets. All other leases are accounted for as operating leases and the related payments are charged to expenses as incurred.

Notes to Consolidated Financial Statements (continued)

Year ended August 31, 2021

1. Significant accounting policies (continued):

(h) Tangible capital assets (continued):

Tangible capital assets, except land, are amortized on a straight-line basis over their estimated useful lives as follows:

Asset	Estimated Useful Life in Years
Land improvements	15 years
Buildings	40 years
Furniture and equipment	5 to 15 years
Computer hardware	3 years
Computer software	5 years
Vehicles	5 to 10 years
Leasehold improvements	Over the lease term

Annual amortization is charged in the year of acquisition and in the year of disposal. Assets under construction and assets that relate to pre-acquisition and pre-construction costs are not amortized until the asset is available for productive use.

The useful life for computer hardware was revised from five years to three years based on new information related to the actual life of the assets. As such, additional amortization has occurred for these assets as needed to bring the net book value in line with this new policy. The impact of this change in estimates is \$1,434,944.

Land permanently removed from service and held for sale is recorded at the lower of cost and estimated net realizable value. Cost includes amounts for improvements to prepare the land for sale or servicing. Buildings permanently removed from service and held for sale cease to be amortized and are recorded at the lower of carrying value and estimated net realizable value. Tangible capital assets which meet the criteria for financial assets are reclassified as "assets held for sale" on the consolidated statement of financial position.

(i) Government transfers:

Government transfers, which include legislative grants, are recognized in the consolidated financial statements in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met and reasonable estimates of the amount can be made. If government transfers contain stipulations which give rise to a liability, they are deferred and recognized in revenue when the stipulations are met.

Government transfers for capital are deferred as required by Regulation 395/11, recorded as deferred capital contributions (DCC) and recognized as revenue in the consolidated statement of operations at the same rate and over the same periods as the tangible capital asset is amortized.

Notes to Consolidated Financial Statements (continued)

Year ended August 31, 2021

1. Significant accounting policies (continued):

(j) Investment income:

Investment income is reported as revenue in the period earned. When required by the funding government or related Act, investment income earned on externally restricted funds such as pupil accommodation, education development charges and special education forms part of the respective deferred revenue balances.

(k) Budget figures:

Budget figures have been provided for comparison purposes and have been derived from the budget approved by the Board of Trustees (Trustees). The budget approved by the Trustees is developed in accordance with the provincially mandated funding model for school boards and is used to manage program spending within the guidelines of the funding model.

(I) Use of estimates:

The preparation of consolidated financial statements in conformity with the basis of accounting described in Note 1(a) requires management to make estimates and assumptions that affect the reported amount of assets and liabilities and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the year. Actual results could differ from these current estimates. These estimates are reviewed periodically and, as adjustments become necessary, they are reported in net expenses in the periods in which they become known. Significant estimates include assumptions used in estimating the collectability of accounts receivable to determine the allowance for doubtful accounts, in estimating provisions for accrued liabilities and in performing actuarial valuations of employee future benefits liabilities.

(m) Property tax revenue:

Under Canadian Public Sector Accounting Standards, the entity that determines and sets the tax levy records the revenue in the financial statements, which in the case of the Board, is the Province of Ontario. As a result, property tax revenue received from the municipalities is recorded as part of Provincial Legislative Grants.

2. Accounts receivable:

Accounts receivable consists of the following:

	2021	2020
Government of Canada Government of Ontario Local governments Other	\$ 3,404,011 2,926,924 14,343,749 2,122,279	\$ 3,279,194 1,823,752 37,378,965 2,549,250
	\$ 22,796,963	\$ 45,031,161

Notes to Consolidated Financial Statements (continued)

Year ended August 31, 2021

3. Long-term receivable - Government of Ontario:

The Province of Ontario replaced variable capital funding with a one-time debt support grant in 2009-10. The Board received a one-time grant that recognizes capital debt as of August 31, 2010 that is supported by the existing capital programs. The Board will receive this grant in cash over the remaining term of the existing capital debt instruments. The Board may also receive yearly capital grants to support capital programs which would be reflected in this account receivable.

The Board has an account receivable from the Province of Ontario of \$140,473,593 as at August 31, 2021 (2020 - \$148,855,335) with respect to this capital grant.

The Ministry of Education introduced a cash management strategy effective September 1, 2018. As part of the strategy, the ministry delays part of the grant payment to school boards where the adjusted accumulated surplus and deferred revenue balances are in excess of certain criteria set out by the Ministry. The balance of delayed grant payments included in the receivable balance from the Government of Ontario at August 31, 2021 is \$26,243,475 (2020 - \$25,619,910).

4. Temporary borrowing:

To address operating requirements and to bridge capital expenses, the Board has an operating line of credit and short-term loans.

The operating line of credit bears interest at the bank's prime lending rate less 0.85%, is unsecured, is due on demand, and has a maximum limit of \$175,000,000. As at August 31, 2021, the amount drawn under the operating line of credit was \$nil (2020 - \$nil).

The short-term loans bear interest ranging from 1.11% to 1.12%, are unsecured, and are due on dates ranging from September 9, 2021 to October 12, 2021. As at August 31, 2021, the Board has short-term loans of \$73,000,000 (2020 - \$74,000,000).

Notes to Consolidated Financial Statements (continued)

Year ended August 31, 2021

5. Deferred revenue:

Revenues received and that have been set aside for specific purposes by legislation, regulation or agreement are included in deferred revenue and reported on the consolidated statement of financial position.

Deferred revenue set-aside for specific purposes by legislation, regulation or agreement as at August 31, 2021 is comprised of:

Included in the current year benefit expense is a loss of \$275,965 (2020 – income of \$31,687) for amortization of net actuarial losses. The unamortized actuarial loss is amortized over the expected average remaining service life of 9.20 years (2020 - 9.54 years) other than sick leave benefits which are amortized in the year. The actuarial loss for the year was \$117,312 (2020 – gain of \$58,681).

Retirement benefits:

(i) Ontario Teacher's Pension Plan:

Teachers and related employee groups are eligible to be members of Ontario Teacher's Pension Plan. Employer contributions for these employees are provided directly by the Province of Ontario. The pension costs and obligations related to this plan are the direct responsibility of the Province. Accordingly, no costs or liabilities related to this plan are included in the Board's consolidated financial statements.

(ii) Ontario Municipal Employees Retirement System:

All non-teaching and support staff employees of the Board are eligible to be members of the Ontario Municipal Employees' Retirement System (OMERS), a multi-employer pension plan. The plan provides defined pension benefits to employees based on their length of service and rates of pay. The Board contributions equal the employee contributions to the plan. During the year ended August 31, 2021, the Board contributed \$5,835,135 (2020 - \$4,961,113) to the plan. As this is a multi-employer pension plan, these contributions are the Board's pension benefit expenses. No pension liability for this type of plan is included in the Board's consolidated financial statements.

6. Retirement and other employee future benefits (continued):

Retirement benefits (continued):

(ii) Ontario Municipal Employees Retirement System (continued):

The OMERS pension plan had a deficit as at December 31, 2020 based on the actuarial valuation of the pension benefit obligation resulting in the plan being 97.0% funded (2020 - 97.0% funded). Ongoing adequacy of the current contribution rates will need to be monitored and may lead to increased future funding requirements.

(iii) Gratuity benefits:

The Board provides gratuities to certain groups of employees hired prior to specified dates. The Board provides these benefits through an unfunded defined benefit plan. The benefit costs and liabilities related to this plan are included in the Board's consolidated financial statements. The amount of the gratuities payable to eligible employees is based on their salary, accumulated sick days, and years of service up to August 31, 2012.

(iv) Retirement life insurance and health care benefits:

The Board provides life insurance, dental and health care benefits to certain employee groups after retirement until the members reach 65 years of age.

The premiums are based on the Board experience and retirees' premiums may be subsidized by the Board. The benefit costs and liabilities related to the plan are provided through an unfunded defined benefit plan and are included in the Board's consolidated financial statements. Effective September 1, 2013, employees retiring on or after this date, do not qualify for board subsidized premiums or contributions.

Other employee future benefits:

(i) Workplace Safety and Insurance Board obligations:

The Board is a Schedule 2 employer under the Workplace Safety and Insurance Act and, as such, assumes responsibility for the payment of all claims to its injured workers under the Act. The Board does not fund these obligations in advance of payments made under the Act. The benefit costs and liabilities related to this plan are included in the Board's consolidated financial statements. School boards are required to provide salary top-up to a maximum of 4 ½ years for employees receiving payments from the Workplace Safety and Insurance Board, where the collective agreement negotiated prior to 2012 included such a provision.

Notes to Consolidated Financial Statements (continued)

Year ended August 31, 2021

6. Retirement and other employee future benefits (continued):

Other employee future benefits (continued):

(ii) Long-term disability salary compensation:

The Board provides long-term disability benefits including partial salary compensation during the period an employee is unable to work or until their normal retirement date. The Board provides these benefits through an unfunded defined benefit plan. The benefit costs and liabilities related to this plan are included in the Board's consolidated financial statements.

(iii) Sick leave benefits:

As a result of new changes made in 2013 to the short-term sick leave and disability plan, a maximum of 11 unused sick leave days from the current year may be carried forward into the following year only, to be used to top-up salary for illnesses paid through the short-term leave and disability plan in that year. The benefit costs expensed in the 2021 consolidated financial statements as a result of the change in the benefits was \$769,961 (2020 - \$155,258).

The accrued benefit obligations for employee future benefit plans as at August 31, 2021 are based on the most recent actuarial valuations completed for accounting purposes as at August 31, 2021. These valuations take into account the plan changes outlined above and the economic assumptions used in these valuations are the Board's best estimates of expected rates of:

13. Partnership in Halton Student Transportation Services:

On September 1, 2007, the Board entered into an agreement with Halton District School Board, Le Conseil scolaire de district Catholique due Centre-Sud and Le Conseil scolaire de district due Centre-Sud-Ouest to provide common administration of student transportation services. On February 10, 2009, Service de Transport des Eleves de Halton/Halton Student Transportation Services (HSTS) was incorporated under the Corporations Act of Ontario. A revised agreement dated April 17, 2009 was created in an effort to increase delivery efficiency and cost effectiveness of student transportation for each of the School Boards. Each Board participates in the shared costs associated with this service for the transportation of their respective students through HSTS.

Effective September 1, 2013, two school boards have left the partnership and the partnership is supplying services exclusively to Halton District School Board and the Board.

HSTS is proportionately consolidated in the Board's consolidated financial statements whereby the Board's pro-rata share of assets, liabilities, revenues and expenses of the consortium are included in the Board's consolidated financial statements. Inter-organizational transactions and balances have been eliminated.

OSBIE insures general public liability, property damage and certain other risks. Liability insurance is available to a maximum of \$27,000,000 per occurrence.

The ultimate premiums over a one-year period are based on the reciprocal's and the Board's actual claims experience. Periodically, the Board may receive a refund or be asked to pay an additional premium based on its pro rata share of claims experience. The current one-year term expires January 1, 2022.

15. Contractual obligations and contingent liabilities:

- (iii) The nature of the Board activities is such that there is usually litigation pending or in the prospect at any time. With respect to claims at August 31, 2021, management believes that the Board has valid defenses and appropriate insurance coverage in place. In the event claims are successful, management believes that such claims are not expected to have a material effect on the Board's financial position.
- (iv) The Board, in the normal course of business, enters into commodities contracts, in order to fix the price of commodities to be acquired in the future. The Board has entered into these contracts in conjunction with two consortiums which includes other school boards.

16. Budget data:

The budget data presented in these consolidated financial statements is based upon the 2021 original budget approved by the Board on July 29, 2021.

17. Repayment of "55 School Board Trust" funding:

On June 1, 2003, the Board received \$635,000 from The 55 School Board Trust for its capital related debt eligible for provincial funding support pursuant to a 30-year agreement it entered into with the trust. The 55 School Board Trust was created to refinance the outstanding not permanently financed (NPF) debt of participating boards who are beneficiaries of the trust. Under the terms of the agreement, the 55 School Board Trust repaid the Board's debt in consideration for the assignment by the Board to the trust of future provincial grants payable to the Board in respect of the NPF debt.

As a result of the above agreement, the liability in respect of the NPF debt is not reflected in the Board's financial position.

18. In-kind transfers from the Ministry of Government and Consumer Services:

The Board has recorded entries, both revenues and expenses, associated with centrally procured in-kind transfers of personal protective equipment (PPE) and critical supplies and equipment (CSE) received from the Ministry of Government and Consumer Services (MGCS). The amounts recorded were calculated based on the weighted average cost of the supplies as determined by MGCS and quantity information based on the board's records. The in-kind revenue recorded for these transfers is \$3,098,766 with expenses based on use of \$3,098,766 for a net impact of \$nil.

19. Impact of COVID-19:

On March 11, 2020, the World Health Organization declared the outbreak of coronavirus ("COVID-19") a global pandemic. This resulted in the Province mandating that all Boards close their schools and administrative buildings on March 13, 2020 and moving to online/learn-from-home education format for the remainder of the 2019-2020 school year based on recommendations from Public Health Ontario. For the 2020-2021 school year the schools reopened to students, effective September 2020, with enhanced public health protocols, or the option to continue with online education and at-home distance learning. The Board continues to monitor the situation and plan for potential changes during the fiscal 2021 school year and beyond.

As a result of the pandemic, the Board may experience increased risk exposure in several areas. This includes an increased credit risk exposure on accounts receivable where the risk of default on contractual obligations may increase and continued reduction in international tuition fees.

The Board is actively monitoring cash flow forecasts and budget. Due to the response to COVID-19, the Province of Ontario extended the deadlines for municipalities to pay Education Property Tax (EPT) amounts to the Board in 2020. This amount for the Board was \$nil (2020 - \$36,053,320) and has been included in accounts receivable on the statement of financial position. This amount was recovered fully by the Board in the 2020-21 school year. To mitigate the financial impact of this deferral, the Province adjusted its cash flow through the School Board Operating Grant in July 2020 to pay an additional amount equal to about 25% of the annual education property tax amount as forecasted by the Board in the 2019-20 Revised Estimates. This amount for the Board was \$nil (2020 - \$24,072,106) and is included in accounts payable and accrued liabilities on the statement of financial position. This amount was recovered by the Province in 2021.

Purpose

To provide the Halton Catholic District School Board Audit Committee with the Revised Regional Internal Audit Mandate for approval.

Comments

The internal audit mandate formally defines the purpose, authority and responsibility of the regional internal audit function. As indicated in Ministry Memo 2016:SB31 'Update on Regional Internal Audit Consistency Measures' the mandate must be re-signed when there are changes in the make-up of the committee (such as a change in Director of Education, Chair of the Audit Committee or the Regional Internal Audit Manager) so that all parties understand the role and mandate of the regional internal audit team.

The attached memo from RIAT outlines the changes made to the mandate – now called Charter.

RECOMMENDATION

Moved by:

Seconded by:

RESOLVED, that the Audit Committee adopt the revised Regional Internal Audit Charter.

MEMO

TO:	Halton Catholic District School Board Audit Committee
FROM:	Regional Internal Audit Team
DATE:	22 October 2021
SUBJECT:	Revisions to the Regional Internal Audit Mandate

The internal audit mandate formally defines the purpose, authority and responsibility of the regional internal audit function. As indicated in Ministry Memo 2016:SB31 'Update on Regional Internal Audit Consistency Measures' the mandate must be re-signed when there are changes in the make-up of the committee (such as a change in Director of Education, Chair of the Audit Committee or the Regional Internal Audit Manager) so that all parties understand the role and mandate of the regional internal audit team.

In addition, there have been a few changes to the mandate based on a Quality Assurance review that the Ontario East Regional Internal Audit Team recently underwent.

The primary changes to the Regional Internal Audit mandate from the previous version include:

- Renaming the mandate as a 'Charter';
- Clarification of the functional reporting relationship between the RIAM and the Audit Committees; and
- Detailing the reporting requirements when residual risk is accepted by Management.

All of the changes have been highlighted in red.

Regional Internal Audit Charter

PURPOSE AND DEFINITION

The purpose of the regional internal audit team is to provide independent, objective assurance and consulting services designed to add value and improve the district school boards' operations in the West of Central region. It helps the district school boards accomplish their objectives by bringing a systematic, disciplined approach to evaluate and improve the effectiveness of risk management, control, and governance processes.

ROLE

The regional internal audit activity is established by the Ministry of Education through the annual Grants for Student Needs funding. The oversight role of the Audit Committee of the Board of Trustees (Audit Committee) over the regional internal audit activity is established by Regulation 361/10.

PROFESSIONALISM

The regional internal audit activity will adhere to the Institute of Internal Auditors' mandatory guidance including the Core Principles for the Professional Practice of Internal Auditing, the Definition of Internal Auditing, the Code of Ethics, and the *International Standards for the Professional Practice of Internal Auditing (Standards).* This mandatory guidance constitutes principles of the fundamental requirements for the professional practice of internal auditing and for evaluating the effectiveness of the regional internal audit activity's performance.

AUTHORITY

The regional internal audit activity, with strict accountability for confidentiality and the safeguarding of records and information is authorized full, free and unrestricted access to any and all of the district school boards' records, physical properties, and personnel pertinent to carrying out any engagement. All school board employees are requested to assist the regional internal audit team in fulfilling its responsibilities. The regional internal audit team will also have free and unrestricted access to school board leaders and to the Audit Committee.

ORGANIZATION

The internal audit function follows a regional model. The function consists of a Regional Internal Audit Manager (RIAM) responsible to district school boards in one of the eight regions in the province of Ontario as identified by the Ministry of Education. The Regional Internal Audit Manager will report functionally to their regional audit committees and administratively are supported by a host school board Senior Business Official. Every effort is made to adequately staff the internal audit function, within available financial resources, in order to perform its audit activities.

The reporting relationship between the RIAM and each Audit Committee will be further demonstrated by each Audit Committee for their Board performing the following functions:

- Approve the regional internal audit charter;
- Recommend for approval the risk based internal audit plan;
- Receive information from the Regional Internal Audit Manager about the internal audit activity performance to plan and other relevant matters;
- Inquire of the Regional Internal Audit Manager and the Senior Business Official whether there are resource or scoping limitations; and
- Review annually the performance of the regional internal audit activity and provide the Board of Trustees with their comments regarding the performance of the Regional Internal Audit Manager.

The Regional Internal Audit Manager will interact directly with the Audit Committee, including in-camera sessions and between audit committee meetings as appropriate.

INDEPENDENCE AND OBJECTIVITY

The regional internal audit activity will remain free from interference by any element in the district school board including matters of audit selection, scope, procedures, frequency, timing or report content to permit maintenance of a necessary independent and objective mental attitude.

Regional internal auditors will have no direct operational responsibility or authority over any of the activities audited. Accordingly, they will not implement internal controls, develop procedures, install systems, prepare records or engage in any other activity that may impair judgment.

Regional internal auditors will exhibit the highest standards of professional objectivity in gathering, evaluating and communicating information about the activity or process being examined. Auditors will make a balanced assessment of all the relevant circumstances and not be unduly influenced by their own interests or by others in forming judgments.

The Regional Internal Audit Manager will confirm to the Audit Committee, at least annually, the organizational independence of the internal audit activity.

RESPONSIBILITY

The scope of work of the regional internal audit team encompasses but is not limited to:

- Evaluating risk exposure relating to the achievement of the district school board's strategic objectives;
- Evaluating the reliability and integrity of information and the means used to identify measure, classify and report information;
- Evaluating the systems which ensure compliance with policies, procedures, applicable laws and regulations which impact the district school board;
- Evaluating whether resources are acquired economically, used efficiently, and are adequately protected;
- Evaluating operations and processes to ascertain whether results are consistent with established objectives and whether processes are functioning as planned;
- Performing consulting and advisory services or assessments of specific operations as requested by the Audit Committee or district school board management as appropriate;

- Evaluating the effectiveness of the district school board's risk management and governance processes;
- Reporting periodically on the regional internal audit performance against plans; and
- Reporting significant risk exposures and control issues, including fraud risks, governance issues and other matters requested by the Audit Committee.

INTERNAL AUDIT PLAN

Annually, the Regional Internal Audit Manager will submit to district school board management and to the Audit Committee an internal audit plan for recommendation to their Board of Trustees for approval. If there are any resource limitations or interim changes, these will be communicated.

The internal audit plan will be developed based on a prioritization of the internal audit universe using a risk based methodology which includes input of district school board management. The Regional Internal Audit Manager will review and adjust the plan as required in response to changes in the risk profile. Any significant deviation from the approved internal audit plan will be communicated through periodic status reports. The Regional Internal Audit Manager or any of his or her team may initiate and conduct any other audit or review deemed necessary for potential illegal acts, fraud, abuse, or misuse of funds. Reasonable notice shall be given to appropriate personnel of intent to audit in their areas except when conditions warrant an unannounced audit.

REPORTING AND MONITORING

Opportunities for improving internal control may be identified during audits. A written report will be issued by the Regional Internal Audit Manager at the conclusion of each audit and will be distributed according to the school board's requirements. (This could include the head of the audited activity or department, the director of education, the audit committee and the external auditor of the district school board.)

Each report will describe opportunities to strengthen district school board risk, internal control and governance processes and conclude on the adequacy and effectiveness of the processes. The district school board management will provide action plans and timelines to address each opportunity (observation). The regional internal audit team is responsible to perform appropriate follow-up procedures to attest to the completion of action plans. Significant observations will remain in an open issue status until cleared.

If management decides to accept a certain level of risk after considering compensating controls, the remaining risk will be disclosed to the Audit Committee.

QUALITY ASSURANCE

The regional internal audit team will maintain a quality assurance and improvement program that covers all aspects of the internal audit activity and conformance with the International Standards for the Professional Practice of Internal Auditing.

The Regional Internal Audit Manager will communicate to district school board management and the Audit Committee on the internal audit activity's quality assurance and improvement program, including

the results of ongoing internal assessments and external assessments conducted as appropriate, usually on a five year cycle.

As prescribed under O.Reg. 41/10, the board may invest in the following securities, as outlined in Part IV of the regulation, subsections 1 to 5 (outlined in Appendix A):

 - ii. an agency of Canada or of a province or territory of Canada,
 - iii. a municipality in Canada, or
 - iv. the Municipal Finance Authority of British Columbia.
- 2. Bonds, debentures, promissory notes or other evidence of indebtedness of a corporation if,
 - i. the bond, debenture or other evidence of indebtedness is secured by the assignment to a trustee, as defined in the Trustee Act, of payments that Canada or a province or territory of Canada has agreed to make or is required to make under a federal, provincial or territorial statute, and
 - ii. the payments referred to in subparagraph i are sufficient to meet the amounts payable under the bond, debenture or other evidence of indebtedness, including the amounts payable at maturity.

- 3. Deposit receipts, deposit notes, certificates of deposit or investment, acceptances or similar instruments, the terms of which provide that the principal and interest shall be fully repaid no later than two years after the day the investment was made, that are issued, guaranteed or endorsed by,
 - i. a bank listed in Schedule I or II of the Bank Act (Canada),

Reg. 41/10, that provide a positive rate of return, while limiting fiscal exposure of risk of loss.

To reduce the Province's borrowing costs, the Ministry has implemented a Delayed Grant Payment methodology resulting in a reduction in the board's cash flow and limiting the board's ability to invest. Based on the 2019-20 financial reporting, the board's estimated delayed grant payment expected as of August 31, 2020, is \$25,620,000.

During the 2020-21 fiscal year, the board did not have a GIC maturing.

Conclusion

Per O. Reg. 41/10 Board Borrowing, Investing and Other Financial Matters and Board Operating Policy I-10 Banking, Investment and Borrowing, the board did not have investments maturing in 2020-21.
